PREFACE

MYANMAR has been working on a series of reform towards creating sound investment climate for foreign direct investment (FDI) over the past several years. The new Myanmar Investment Law was enacted on 18 October 2016 and the new Myanmar Companies Law is expected to be promulgated soon. The Investment Policy, formed under the new government in November 2016, clearly identifies that the foreign investment is very crucial for national development. Annual FDI amount approved by Myanmar Investment Commission (MIC) in the fiscal year 2015-2016 recorded 9.48 billion USD, which is more than seven times larger than that of the fiscal year 2012-2013.

As a part of such effort to nurture favourable business environment, we consider it is inevitable to provide existing and potential foreign investors with appropriate information for doing business. Lack of proper information including doing business cost is considered to be one of the obstacles for foreign business to invest in Myanmar. We are receiving voices from foreign investors on needs of such data.

Directorate of Investment and Company Administration (DICA), which is under the Ministry of Planning and Finance and also acts as the secretariat of the MIC, is in the position to provide those who are doing business or willing to do so with such information and services as the Union's investment promotion agency. Although many of neighbouring countries publish a kind of doing business cost survey report by their agencies, Myanmar has not issued such report yet so far.

Against this background, the Survey on Cost of Doing Business in Myanmar was planned and conducted by DICA, with the support of Japan International Cooperation Agency (JICA), which currently dispatches a JICA Advisor on investment promotion in DICA. The Myanmar Survey Research (MSR) as the JICA consultant has been implementing the survey.

This report covers multiple dimensions of business cost such as land and building, human resources, government procedures, export/import logistics, infrastructure and utilities, business services and others. This report is also available on our DICA website (<http://www.dica.gov.mm>).

As this is the very first report of its kind in Myanmar, we welcome readers' feedbacks and continue to improve how to provide necessary quality data for investors. We tried to collect such data systematically with appropriate data sources so that it is easier to update the data later on. We also aim to standardize the survey exercise and internalize it in DICA for periodical and continuous updates for the future.

We sincerely hope this Survey Report 2017 on Cost of Doing Business in Myanmar helps investors to consider investment in Myanmar.

With best wishes,

U Aung Naing Oo

Secretary

Myanmar Investment Commission

Director-General

Directorate of Investment and Company Administration

EXECUTIVE SUMMARY

Methodology and process

The Survey on the Cost of Doing Business in Myanmar was conducted from September to December 2016. The process included set-up of the survey including preliminary discussions between DICA, JICA and MSR, held a consultation/coordination meeting with relevant government departments, private sector associations and others in total more than 50 participants on September 16, compilation of a list of interviewees, conducting interviews including making appointments, compilation of report and seeking confirmation of the data and information from some government departments and enterprises.

In doing this survey, the following methods were employed:

- 1 Indepth interviews (IDIs) for acquiring primary data
- 2 Desk study—using established websites for acquiring secondary information, and
- 3 Using published materials

In the IDI part, there were three divisions—(1) government departments/enterprises, (2) associations and (3) private businessmen. As the rules and regulations for making investments in Myanmar are mainly concerned with the government departments and enterprises, official data and information constitutes the largest part of this survey report. Data and information provided by the respondents of the government departments and enterprises from IDIs were reinforced with the information from the websites concerned. All the websites accessed are established ones. Some respondents handed some documents related to their work process and pamphlets to the data-collectors.

All the data and information were scrutinized, edited and put in the report with care for accuracy and efficient use of space. All pieces of information had to be scrutinized so that they would be appropriate with or fulfill the purpose of the publication. In the final stage, the data and information put in the report were sent in parts to the respective respondent for confirmation.

Explanation of chapters

As the title of this report suggests, costs are mainly reported in the publication. However, the costs are usually coupled with the procedures, which cannot be ignored. There are 7 main chapters in this publication—(1) Land, space and building; (2) Human resources; (3) Government sector; (4) Export-import and logistics; (5) Infrastructure usage; (6) Business services and others; and (7) Thilawa Special Economic Zone. The last part of the report are the appendices.

In the beginning of the report, demographic information is given with reference to the Results of the 2014 Myanmar Population and Housing Census of the Ministry of Labour, Immigration and Population. Chapter 1 deals with prices of industrial land, commercial land and residential land, with focus mainly on Yangon City, along with the costs for renting office space, commercial space and residential space. Construction costs are included in this chapter so that potential investors would have some idea of constructing a building and the cost of construction materials.

In Chapter 2, there are two main parts—employment and human resource development. In the employment sector, minimum, median and maximum salaries of five industries, including benefits and allowances, are provided. The human resource development part starts with a brief explanation of the Myanmar education system, followed by fees collected by private vocational and technical schools and private international schools are detailed.

Chapter 3 (Government Sector) provides the costs and basic information about the process of establishing a business and investment process. The first part details the costs and processes of registering foreign companies, branch companies/representative offices and joint-venture companies and fulfillment of legal requirements. The second part—Investment Process—contains procedure for applying for permit from the Myanmar Investment Commission, documents to be attached with proposal forms and post-activities.

Chapter 4 explains customs and clearance, import clearance system, export and import procedures and the second part is the logistics section—overseas logistics, cross-border logistics, domestic logistics and cargo handling costs.

Chapter 5 mentions the cost of utilities—electricity, inspection of water and sanitation, waste disposal, gases, fuels, generators along with installation costs and telecommunication—mobile phone, landline phone and the Internet costs and their installation costs.

Other business services are summed up in Chapter 6 which includes financial and insurance services and individual services such as lawyer's service fees, accounting service fees, business consultancy fees, engineering services and inspection charges—inspection for fire safety, inspection of electricity, inspection of elevator and escalator, and inspection of boiler. In the second part are some hotel rates, car rental rates, and kinds of visas and visa fees. In the last part, the living costs of an individual expatriate and a family expatriates are estimated.

The last chapter, Chapter 7, exclusively mentions costs and procedures of Thilawa Special Economic Zone which has its own specific nature. Chapter 8 provides listings of DICA branch offices in Myanmar, business associations, some marketing research companies and EIA/SIA companies, sample calculation of income tax, and finally, references—interviews, associations, printed materials, and websites used in this survey.

² (a) Myanmar President Office (www.president-office.gov.mm)/(b) The 2014 Myanmar Population and Housing Census, The Union Report, Ministry of Immigration and Population, May 2015

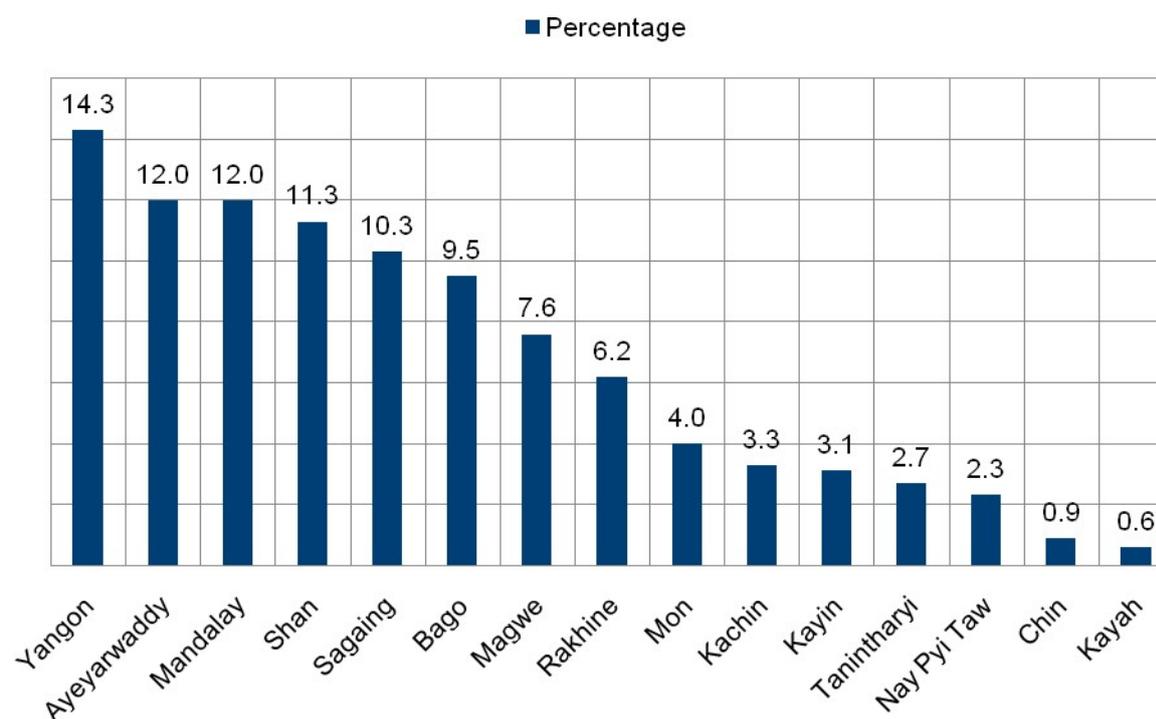

At the time of census-taking in April 2014, the entire country, there was insecurity in three States—Kachin, Kayah and Rakhine—due to insurgency. Census could not be taken in some parts of these three States, and so the immigration officials had to estimate the population in these parts. The estimated population has been added to the enumerated population data.

Myanmar – Seven States, Seven Regions and NPT Union Territory

Myanmar is geographically divided into 7 States and 7 Regions—totaling 14 major territorial divisions of equal status and rights—and the Nay Pyi Taw Union Territory in which the government is seated. The distinction is that each of the States is resided by a particular indigenous ethnic race. For example, Shan State is resided by the majority Shan nationals, mingling with other ethnic races. In Kachin State, the majority residents are Kachin nationals. In the eight Regions, the majority residents are Bamar, mingling with other ethnic races.

INTRODUCTION

BACKGROUND

In order to attract Foreign Direct Investment (FDI), it is inevitable to provide existing/potential foreign investors with appropriate information for doing business. Lack of proper information including doing business cost is considered to be one of the obstacles for foreign business to invest in Myanmar.

Directorate of Investment and Company Administration (DICA), which is under the Ministry of Planning and Finance and also acts as the secretariat of Myanmar Investment Commission (MIC), is in the position to provide those who are doing business or willing to do so with such information and services as the Union's investment promotion agency (IPA). Although many of neighbouring countries publish a kind of doing business cost survey report by their IPAs, Myanmar has not issued such report yet so far.

Against this background, "Myanmar Doing Business Cost Survey" is planned by DICA with the support of Japan International Cooperation Agency (JICA), which currently dispatches a JICA Advisor on investment promotion in DICA. For this purpose, JICA contracted with Myanmar Survey Research (MSR) as the consultant team, which implemented the Survey along with the separately prepared Terms of Reference (TOR).

As the deliverable of the Survey, "Myanmar Doing Business Cost Survey Report" has been published as the first report of its kind in Myanmar.

OBJECTIVES

The major objectives of this survey are:

- To collect systematically cost information necessary for existing/potential foreign investors to do business in Myanmar
- To disseminate doing business cost information for existing/potential foreign investors to utilize their business decision/practice
- To standardize the survey exercise and internalize it in DICA for periodical and continuous updates for the future

COST ITEMS COVERED IN THIS SURVEY

1 Land, space and building

Land -----	Industrial, commercial, residential and others; multiple locations; industrial zones
Rental space-----	Office space, commercial space, warehouse, residential place, etc.
Building construction -----	e.g. factory with reinforced concrete structure

2 Human resources

Employment -----	Minimum wage, basic salary, overtime, typical allowances, social security etc.
------------------	--

Human resource development	(Unskilled workers, skilled workers, engineers, supervisors, managers, etc. Vocational training, business management training etc.
3 Government	
Investment process -----	Company registration and investment approval (DICA/MIC/SEZ)
Business establishment----- process	Governmental obligatory registrations and licenses for business start-up (by labor/immigration offices, line ministries, local governments and designated associations)
Taxation -----	Corporate tax, commercial tax, withholding tax, stamp duty, income tax etc.
4 Export-Import logistics	
Customs and clearance-----	Tariff rate, handling fee, documentation, COO etc.
Export/Import -----	Licensing, documentation etc.
Overseas logistics-----	20ft container maritime/aviation freight cost with major destinations
Cross-border logistics -----	Land transportation via major borders with neighboring countries
Domestic logistics -----	Truck, railway, inland water between major cities, toll road fee, etc.
Cargo handling cost-----	Loading/unloading cost, warehouse etc.
5 Infrastructure usage	
Utilities -----	Electricity, water, sewage, waste treatment, gas, fuel, generator etc.: for each item, installation/initial cost, tariff table, running cost, service fee etc.
Telecommunication -----	Mobile phone, landline, internet; subscription, rate for call/SMS/data
6 Business services and others	
Finance and insurance-----	Bank account, loan, transfer, saving and other financial services
Business services -----	Lawyers, accountants, translators/interpreters, business consultants etc.
Engineering services -----	Environment (EIA/IEE), building/fire/electricity inspection, IT etc.
Mission costs -----	Hotel room rates, rent-a-car rates, visas etc.
Foreigner's living cost -----	Accommodations, commodities, medical and education costs, vehicles, etc.

Places of study

Yangon	To be surveyed most as the center of business
Bago	Considered to be extension of Yangon business area
Thilawa	As the Myanmar's the only one operational SEZ
Mandalay	As one of the two polar cities and the second largest business center
Taunggyi	To be utilized in Shan State Investment Fair to be held in Feb. 2017
Dawei	Southern Myanmar where DICA branch is located

RESEARCH METHODOLOGY

The survey has been conducted with the methods mentioned below.

- 1 Desk study method (secondary data and information)
- 2 In-depth interview method (primary data and information)

Desk study method

MSR has its own databank, and the MSR survey team conducted desk study prior to and during field visits. The study covered secondary data gleaned from records at MSR data bank, Statistical Yearbooks issued by the Central Statistical Organization (CSO), and documents issued by the government departments.

MSR databank has stored data and information, especially on market, FDI, economy and politics of the country, gleaned by monitoring the media, for the last 20 years.

Secondary data are also retrieved from established websites and the data and information so obtain are later confirmed with the respective government department/ministry or association.

In-depth interview method (IDI)

In-depth Interviews (IDIs) were conducted with related institutions, organizations and individuals in Yangon and five other places. The questionnaires (checklists of information) were developed in accordance with the data and information requirements mentioned in the “Cost items covered in this survey.”

Limitations of survey

This survey report is intended to be a means of guide and aid to potential foreign investors in Myanmar and not a book containing comprehensive information. However, as we had to cover a diversity of topics, we were limited by time. Actually, a chapter is equal to a research project which normally takes about one and a half months, and we had exerted efforts to be able to complete it within the four-month period (from September to December 2016). It was not always smooth in acquiring data and information—which are appropriate to the report—as the cooperation of the respondents played a great role in the accomplishment of this task.

SURVEY PERIOD

The implementation of this survey project started in September, 2016 and was continued until December 2016.

1 | LAND, SPACE AND BUILDING

The listed land and space properties are just samples at the timing of the survey.
1 square-foot = 0.092903 square-meter

1.1 LAND LEASE

1.1.1 Industrial land lease in Yangon⁴

Sr	Industrial Zone (IZ)	Township	Area (Sq-ft)	Package price per month (MMK)	Price per square-foot (MMK)
1	2	3	4	5	6 (=5/4)
1	Hlaingtharyar IZ	Hlaingtharyar	50,000	17,000,000	340
2	Hlaingtharyar IZ	Hlaingtharyar	65,000	18,000,000	280

1.1.3 Residential land lease in Yangon

(No rental exists for residential land.)

1.1.4 Bago Industrial Zone⁶

Bago Industrial Zone is currently separated into 2 parts—Foreign Industrial Zone and Local Industrial Zone. All the land plots in these industrial zones are sold out at MMK 40 million per acre. However, the new Regional Government has a plan to take back the land plots which are not operated by the owners. After that, the Bago Regional Government will rent these land plots again. According to the chief minister, the leasing price by Bago Regional Government has not yet been set.

Land lease in Bago

Bago Industrial Zone⁷

Location	Unit	Price (USD)
Foreign Industrial Zone	Acre/year	10,000 – 15,000
Local Industrial Zone	Acre/year	10,000 – 15,000
Near Industrial Zone	Acre/year	10,000 – 15,000

Industrial zone 2	1-acre	5.0
Industrial zone 2	1-acre	2.0

1.1.6 Land lease in Taunggyi⁹

Location	Unit	Price (MMK in millions)
—	1-acre	0.2

Government land lease

Department of Urban and Housing Development (DUHD)¹⁰

The main cost from Department of Urban and Housing Development (DUHD) is land lease fee. DUHD rents land at USD 5 – 7 per square meter per year. However, the lands owned by DUHD have already occupied. Therefore, investors need to rent from the private sector.

The fee of lands rented by private is USD 8-15 per square meter per year. Property tax is collected by respective City Development Committee. The estimated tax for a factory is USD 10,000 per year.

In Mingaladon Industrial Park, DUHD collects USD 0.345 per square meter per year for land tax.

In MIP, management fee is collected at USD 0.4 per square meter per year.

In Hlaingtharyar IZ, Shwepyitha IZ, Anawrahta IZ, Mya Sein Yaung IZ, DUHD collects MMK 2,000 – 3,000 per square meter per year as land tax to local business owners.

Currently, DUHD does not collect land tax from Thilawa SEZ. But in future, DUHD will collect USD 0.1 – 0.3 per square meter per year for local government's fund.

1.3 CONDOMINIUM²⁷

Analysis of set condo prices in Yangon²⁸

MSR has a detailed list of township-wise condo prices set by the **Condo Prices Scrutiny and Setting Committee**(CPSSC) (2015) for the purpose of taxation. In the following table, the highest to the lowest condo prices—shown against respective townships—are extracted from the detailed list, and in the next table, the detailed prices are represented by three levels—mode, minimum and maximum.

Highest to lowest set prices (for taxation)

Condo prices vary, depending on the location and internal space. The following is an extraction from the detailed list of condo prices set by the CPSSC for taxation in 2015.

Price per square-foot in MMK

Botataung	400,000	Sanchaung	266,667	Mingala Taungnyunt	211,111
Dagon	360,902	Thanlyin	265,193	Pazundaung	205,882
Hlaing	350,000	Pabedan	260,000	Thingangyun	200,000
Tamwe	304,762	Mayangon	257,353	Latha	196,429
Ahlon	300,000	Bahan	250,000	Thaketa	142,857
Lanmadaw	280,000	Kamayut	233,333	Insein	125,858
Yankin	272,727	Kyimyindaing	212,766		

Mostly prices per sq-ft are highest in the first-class areas. The second-rate condos are in the second-class areas. Although downtown townships are not in the first-class area, the condos in them are not rated low because of their locations in the hub.

Prices set by Condo Price Scrutiny and Setting Committee for taxation (2015)

Township	Mode	Minimum	Maximum	Location
PRICE PER SQ-FT IN MMK				

²⁵ Ibid

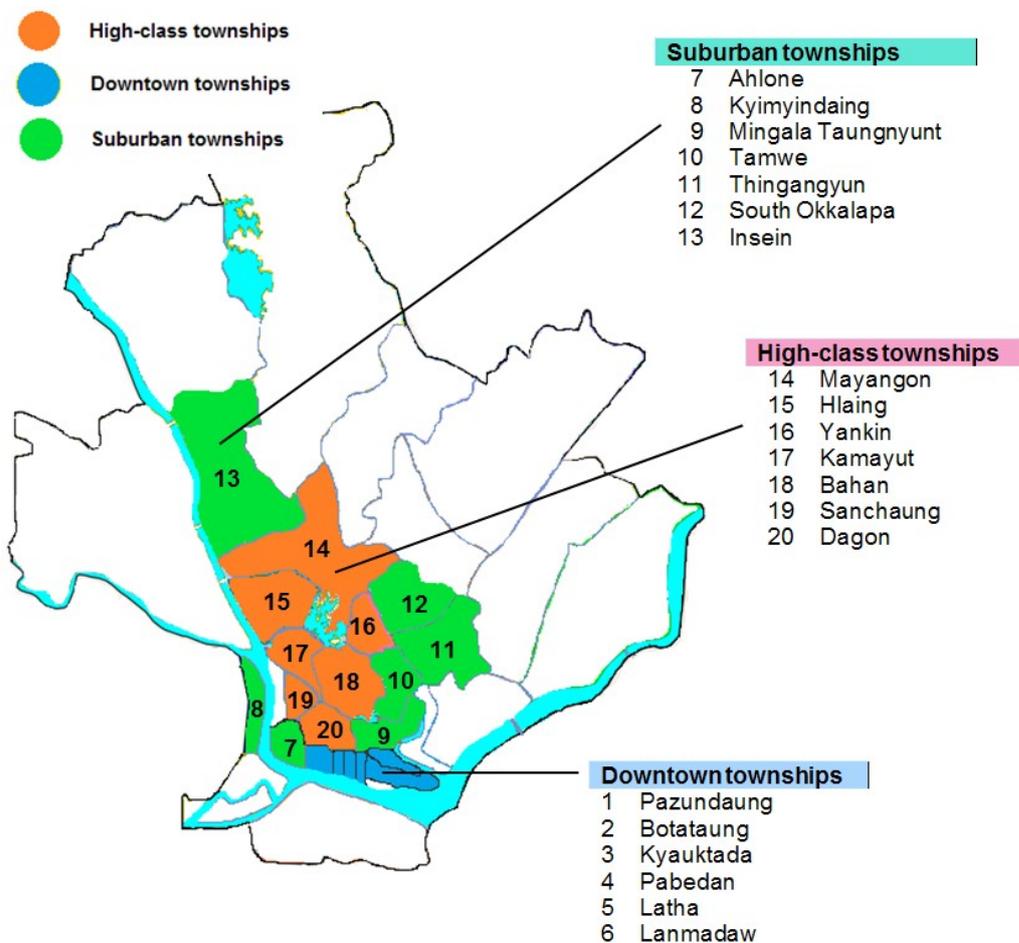

²⁶ Ibid

²⁷ The Condominium Law, which partially allows foreigners to own property, was enacted on 22 January 2016, however, it has not been effective in reality as its rules and regulations have not been prepared yet. Therefore, prices presented in this section are just for reference.

²⁸ Condo Prices Scrutiny and Setting Committee

1	Pazundaung	250,000	90,000	300,000	Downtown townships
2	Botataung	250,000	150,000	300,000	
3	Kyauktada	300,000	200,000	300,000	
4	Pabedan	300,000	175,000	300,000	
5	Latha	300,000	175,000	300,000	
6	Lanmadaw	250,000	175,000	300,000	
7	Ahlone	250,000	65,000	250,000	Suburban townships
8	Kyimyindaing	250,000	65,000	250,000	
9	Mingala Taungnyunt	175,000	50,000	250,000	
10	Tamwe	250,000	55,000	250,000	
11	Thingangyun	150,000	40,000	250,000	
12	South Okkalapa	150,000	60,000	250,000	
13	Insein	150,000	35,000	250,000	High-class townships
14	Mayangon	250,000	50,000	400,000	
15	Hlaing	100,000	80,000	400,000	
16	Yankin	150,000	90,000	400,000	
17	Kamayut	330,000	75,000	400,000	
18	Bahan	330,000	180,000	400,000	
19	Sanchaung	250,000	60,000	400,000	
20	Dagon	330,000	180,000	400,000	

According to the above table, the CPSSC has grouped the townships in the Yangon City into three—downtown, high-class and suburban.

1.4 LAND SALES

The following land prices for sale are only for reference as foreigners are not yet allowed to buy properties.

1.4.1 Industrial land for sale in Yangon²⁹

Industrial land prices vary depending on location. Even within an industrial zone, there are different prices.

Sr	Industrial Zone (IZ)	Township	Area (Sq-ft)	Package price (MMK in millions)	Price per square-foot (MMK)
1	2	3	4	5	6 (=5/4)
1	Hlaingtharyar IZ	Hlaingtharyar	47,916	1,500	31,300

1.6 CONSTRUCTION COSTS⁴²

For engineering and construction services, the following costs will be charged generally:

Cost for a basic structure (Yangon)

(Not including machines, interior fixings and furnishings)

	USD
Factory with steel structure (average size)	20,000 – 25,000
Factory with reinforced concrete (average size)	30,000
Finishing process such as tile flooring and wooden ceiling (extra cost)	15,000

NOTE: Whether the building is a steel structure or a reinforced concrete structure, there will be an extra cost—estimated at USD 15,000—if the person wishes to use tile flooring and wooden ceiling.

Consultation of construction projects

For consultation services, the following costs will be charged generally:

For consultation service such as preliminary work, architecture, drawing and calculation of estimated cost	5 – 8 % of project cost
Third party QC service	2 % of project cost

For training services, MES charges MMK 70,000 for teaching all engineering subjects. In other private teaching schools, it costs about MMK 200,000 for a student.

Prices of major construction materials

The following prices, obtained from the Myanmar Engineering Society in December 2016, are subject to change:

Sr	Material	Unit	Price (USD)	Remark
1	Cement	Ton	87.36	1 ton = 1,000 kg, 1 bag = 50 kg

Myanmar Engineering Society (MES)

Myanmar Engineering Society is a non-profit organization founded for the development of engineering and construction sector. MES is providing engineering services, construction services, consultation services and training services.

2 | HUMAN RESOURCE

2.1 EMPLOYMENT

2.1.1 Wages⁴³

Salaries in Myanmar are paid in Myanmar kyat (MMK) or United States dollar (USD). However, 92% of locally owned companies, 93% of local-foreign joint ventures, and 79 % of foreign owned companies pay in MMK.

Currencies paid for salary in Myanmar

Company payment	Local companies	Local-foreign JVs	Wholly foreign owned companies
MMK pay	92%	90%	79%
USD pay	1%	3%	17%
MMK & USD pay	7%	7%	4%

MSR gathered salary data from 235 companies in 13 industries and the data are analyzed into minimum, median and maximum levels. In this report, (1) overall analysis of the 13 industries (MMK payment), (2) overall analysis of the USD-pay companies (USD payment), and (3) analyses of five industries—manufacturing, trading, engineering, construction and sales/marketing companies are mentioned.

MMK payment

Comparison of minimum wages between Myanmar and selected countries

The committee concerned has announced a national minimum wage of 3,600 Kyat or USD 3 for 8 working hours per day under Notification No. 1/2015 dated 29 June 2015 effective from 1 September 2015. The company with fewer than 15 employees will be exempted from the wage. The new law applies to all businesses in all sectors.

Comparison of minimum wages between Myanmar and selected countries is presented in the following chart.⁴⁴

Minimum monthly salaries of Myanmar and eight other countries

2.1.2 Overtime charges⁴⁵

Overtime may be carried out by agreement between the employer and employees in accordance with the provisions of the law. Any implementation of a constant overtime policy requires permission of the relevant authorities, eg the Factories and General Labour Law Inspection Department.

Every work in excess of 8 hours per day or 48 hours per week is considered overtime. Accordingly, even if an employee only works 40 hours per week, the ninth hour on a working day would be considered overtime, even if the weekly working hours do not exceed 48 hours.

Overtime pay shall be calculated as double the basic wage/salary, to be calculated as follows:

$$(\text{Monthly salary} \times 12 \text{ months}) / 52 \text{ weeks} / 44 \text{ hours (or 48 hours)} \times 2$$

Example calculation:

Suppose a person gets **MMK 300,000** per month:

		MMK
His/her yearly income	MMK 300,000 x 12 months	3,600,000
His/her weekly income	MMK 3,600,000 / 52 weeks	69,230.77
His/her hourly income	MMK 69,230.77 / 48 hours	1,442.308
His/her one-hour overtime wage	MMK 1,442.308 x 2	2,885

Pursuant to the Shops and Establishment Law (2016), overtime is limited to a maximum of 12 hours per week, or 16 hours in cases of special needs. For work on the weekly rest day, the employee shall further be granted a substitute rest day.

Different stipulations are found in sector specific laws, such as the Factories Act (1951) and the Oilfields (Labour and Welfare) Act (1951).

⁴⁵ Labour Law 2016

2.1.3 Benefits

Most of the kinds of benefits provided to employees in various industries are similar. However, there are variations in quantities or amounts. The following benefits are one provided at companies in the manufacturing industries other than garment industry.

Type of allowance	No of companies that provide the allowance	Description
Manufacturing companies (other than garment industry)		
■ Allowance		
Meal	7	Lunch provided at work or MMK 300~500 per day or MMK 15,000~150,000 per month in cash

■ Leave		
Length of Service	10	Up to 12 days with over 1 year service
Annual leave	10	6~21 days depending on service but no leave for probation staff
Casual leave	11	3~10 days
Maternal leave	13	30~98 days
Paternal leave	3	Only one company provide 7 days
Sick leave	8	10 days~90 days with health records
Unpaid leave	5	1 day per month
Leave refund	5	10 days salary refund per year
Married leave	2	3~7 days

■Vacation		
Vacation	3	Group vacation one trip per year to Chaungthar Beach or other local places.
Staff party	9	Staff party 1~2 times per year
■Increment		
Yearly increment	11	The Salary Increment is mainly based on performance. Minimum 5% to maximum 25% increment of original salary.

Social Security Board⁴⁶

According to Social Security Law 2012, Social Security Board has implemented Social Security Scheme to support the development of the State's economy through the increase of production to enjoy more security in social life and health care of workers who are major productive force of the Union by the collective guaranty of the employer, worker and the Union for enabling to fulfill health and social needs of the workers.

Wages

Minimum wages

Sr	Description	MMK per hour	MMK per day
1	Minimum wage	450	3,600

The minimum wage is revised biennially (once in every two years) by the committee formed with employers, employees and technical expertise. However, every company—with 15 employees and above—needs to pay the wage as per its proposal to the MIC.

Allowances and benefits

Leave allowances

Sr	Kind of leave	Leave period	Remark
1	Medical leave	Treatment up to 26 weeks	If the insured persons who need to the treatment up to 52 weeks or to a period specifically stipulated by the Social Security Board;
2	Maternal leave	6 Weeks	Before birth
		8 Weeks	After birth
3	Paternal leave	15 days	15-days leave for infant care on confinement of his insured wife

According to Social Security Law 2012, the following establishments shall be applied with the provisions for compulsory registration for social security system and benefits contained in this Law if they employ minimum number of workers and above determined by the Ministry of Labour, Immigration and Population in co-ordination with the Social Security Board:

- (i) industries which carry out business whether or not they utilize mechanical power or a certain kind of power, businesses of manufacturing, repairing and servicing, or engineering businesses, factories, warehouses and establishments;

⁴⁶ U Myo Aung, Permanent Secretary, and U Tun Than, Director-General, Social Security Board, Ministry of Labour, Immigration and Population

- (ii) Government departments, Government organizations and regional administrative organizations which carry out business;
- (iii) development organizations;
- (iv) financial organizations,
- (v) companies, associations, organizations, and their subordinate departments and branch offices which carry out business;
- (vi) shops, commercial establishments, public entertaining establishments;
- (vii) Government departments and Government organizations which carry out business or transport businesses owned by regional administrative body, and transport businesses carried out with the permission of such department, body or in joint venture with such department or body;
- (viii) constructions carried out for a period of one year and above under employment agreement;
- (ix) businesses carried out with foreign investment or citizen investment or joint ventured businesses;
- (x) businesses relating to mining and gem contained in any existing law;
- (xi) businesses relating to petroleum and natural gas contained in any existing law;
- (xii) ports and out-ports contained in any existing law;
- (xiii) businesses and organizations carried out with freight handling workers;
- (xiv) Ministry of Labour, Immigration and Population and its subordinate departments and organizations;
- (xv) Establishments determined by the Ministry of Labour, from time to time, that they shall be applied with the provisions of compulsory registration for Social Security System and benefits contained in this Law in co-ordination with the Social Security Board and with the approval of the Union Government

According to **Social Security Law 2012**, the following insurance systems are included in Social Security Allowances:

- 1 Health and social care insurance system
- 2 Family assistance insurance system
- 3 Invalidity benefit, superannuation benefit and survivors' benefit insurance system
- 4 Unemployment benefit insurance system
- 5 Other social security system (Housing Plan)
- 6 Employment Injury Benefit insurance System

Benefits in insurance systems

However, only three insurance systems are currently provided by Social Security Board— Health and social care insurance system, family assistance insurance system, employment injury benefit insurance system.

Health and social care insurance

In health and social care insurance system, according to the Social Security law 2012, When the insured is sickness due to any other cause, they can have the right to get both of medical care and cash benefit as follow;

- I. Sickness Benefit (60% of average wage of the previous 4 months for 26 weeks)
- II. Maternity Benefit (70% of average wage of a year for 14 weeks to 18 weeks)
- III. Maternity expense for female insured person (50% of average for single delivery, 75% of average wage for twin delivery and 100% of average wage for triplet delivery)

- IV. Miscarriage Benefit (70% of average wage of a year for 6 weeks)
- V. Benefit for Adoption the child under 1 year of female insured worker (70% of average wage of a year for up to maximum 8 weeks)
- VI. Paternity Benefit (70% of Average Wage for 15 days with leave)
- VII. Maternity expense of the male insured person (has the right to entitled half of maternity expense)
- VIII Medical treatment for her child up to one year after confinement of the female insured person
- IX Funeral expense for deceased of any other cause (from one time up to maximum of 5 times)
- X. If it had paid contribution for 180 months and above under the combined of the social security law 2012 and social security act 1954, the insured person has the right to take medical care after retirement.

Family assistance insurance

In family assistance insurance system, the following benefits are included:

- I. Scholastic stipend for the children of the insured couple earn less than stipulated amount of income (10% of average wage for a child living schools age of academic years)
- II. Family Assistance for natural disaster of insured worker (40% of average wage of a month)
- III. Appropriate benefit for dependent family members in accord with stipulate.

Employment injury benefit insurance system

In employment injury benefit insurance system, the Social Security Board shall manage, in accord with the stipulation, the employment injury benefit insurance system in order to avoid from giving the employment injury benefit by the employer in lump sum and to enable the worker to enjoy the following benefits:

- I. medical treatment
- II. Temporary Disability Benefit due to Employment Injury (70% of average wage of a month for 52 weeks)
- III. Permanent Disability Benefit due to Employment Injury (5 years to 9 years in lump sum with calculation based on 70% of average wage of a month of the practical capacity and total loss of capacity for work due to employment injury)
- IV. Survivors Benefit for deceased of Employment Injury (for 30 times to 80 times based on contribution)

To ensure benefits of these insurance systems, both employers and employees need to pay registration fees to Social Security Board as follow:

Sr	Type of insurance system	Premium (per total monthly income of employee)		
		Employer	Employee	Total
1	Health and Social Care Insurance System	2%	2%	4%
2	Family assistance insurance system	—	—	—
3	Employment Injury Benefits Insurance System	1%	—	1%
Total ►		3%	2%	5%

2.2 Human Resource Development

Public education sector

Overview of education system in Myanmar⁴⁷

Basic Education

A child can enter the primary school at age 5. In Basic Education system, primary level is from grade 1 to 5, lower secondary level from grade 6 to 9 and upper secondary level from grade 10 to 11. A student has to do the matriculation examination in grade 11. The Basic Education system is a 5-4-2 structure.

Level		No of years	Age	Grade
Primary		5	5 ⁺ to 10 ⁺	1 to 5
Secondary	Lower	4	11 ⁺ to 14 ⁺	6 to 9
	Upper	2	15 ⁺ to 16 ⁺	10 to 11
Total years of study in Basic Education level ▶		11	5⁺ to 16⁺	1 to 11

Higher Education

This system is a 4-1-2 structure — 4 years for a bachelor's degree, 1 year for qualifying class (preparation class to a master's degree) and 2 for a master's degree. There are also doctoral programmes for master's degree holding students. In the entire country, there are 168 institutions of higher learning (colleges and universities). Of them, 120 are vocational/technical institutions and 48 are non-vocational.⁴⁸

Numbers of vocational and non-vocational institutions of higher learning

6	Obtain company Incorporation Certificate
7	Receive notification from Ministries regarding incorporation (also published In government gazette)
	Requirements:
	Company incorporation certificate signed by DICA

3.1.2 Compliance with legal requirements upon successful registration

Upon incorporation, companies must act in accordance with all applicable laws and regulations. Below are some of the provisions of the Myanmar Companies Act of 1914 which companies are required to comply with:

- Every company must register the allotment of shares (Form VI) within one month of the allotment date.

The registration fee: MMK 25,000.

- Companies must register details of their director(s), manager(s) and/or managing agent(s) and notify the authorities of any changes to the composition of their general management (Form XXVI) within 14 days of the appointed date or the date on which the changes occurred.

The registration fee: MMK 25,000.

- Companies are required to notify the authorities of the location of their registered office to which all communication and notices can be addressed. The address of the initial registered office must be provided to DICA when filing the registration documents. All companies must inform DICA of any change of address within 28 days of the date on which the change occurred.

The registration fee: MMK 25,000.

- A company must hold its first annual general meeting (AGM) within 18 months from the date of its incorporation and then at least once every calendar year and within no more than 15 months of the previous meeting. To comply, companies are required to submit the records of the AGM, an annual list of members, and the summary of share capital (Form E) within 21 days of the AGM.

The lodge fee is MMK 25,000

- Every company is required to submit a copy of every extraordinary and special resolution of the company with DICA within 15 days from the date of the resolution.
- Notice of extraordinary meetings must be given at least 21 days before the date on which such a meeting is to take place.
- Foreign branch offices are required to submit their head office's financial statements, their representative office's financial statements and annual general reports for each financial year.

The registration fee: MMK 75,000.

3.1.3 Essential documents to be submitted for company registration renewal

Company registration certificates for all types of companies in Myanmar are only valid for five years. This includes companies run by citizens of Myanmar, foreign companies, branches of foreign companies, joint ventures and non-profit organizations.

Companies are required to renew their registration with DICA before a business registration certificate expires. When applying for renewal, companies must include the documents listed below:

Documents required for foreign companies

- 1 Application for renewal of registration
- 2 Form A, completed and signed
- 3 Specific business activities of the company
- 4 A list of directors/share-holders
- 5 Form E (updated), completed and signed
- 6 Audited financial statements for the last two years
- 7 Credit advices relating to any capital brought in
- 8 A copy of the permit issued by MIC for the foreign company licensed by MIC
- 9 A tour licence (updated) (tourism companies only)
- 10 A certified copy of the income tax clearance from the Internal Revenue Department

Documents required for branches and representative offices of foreign companies

- 1 Application for renewal of registration
- 2 Form A, completed and signed
- 3 A detailed list of the company's business activities
- 4 Audited financial statements (balance sheets, profit-and-loss statements) of the branch, audited financial statements (statements) of the parent company and annual reports of the head office
- 5 Credit advices relating to minimum capital brought in (only for the first renewal companies)
- 6 A licence from the Central Bank of Myanmar (representative offices of banks only)

- 7 A certified copy of the income tax return from the Internal Revenue Department
- 8 A copy of the permit issued by the MIC to the foreign company permitted by MIC

What types of companies may be registered in Myanmar?

1 The Myanmar Companies Act of 1914 provides for several types of entities to conduct business in Myanmar. When the shares of the company are owned by the government, it must be incorporated under the 1950 Special Companies Act. There are two main types of companies in Myanmar—private limited-liability companies and public limited-liability companies.

Companies may be registered in one of the following forms:

- As a private company (Myanmar citizens only)
- As a public company (Myanmar citizens only)
- As a foreign company
- As a branch or representative office of a foreign company
- As a joint venture company in which a Myanmar Government entity holds shares
- As an association

What is the company registration fee?

2 The company registration fee is MMK 500,000 for all types of private companies and MMK 2,500,000 for public companies. In addition, applicants are required to pay MMK 1,000 to by a name check and MMK 5,100 for the company registration. Registration fees are the same for all types of companies, that is, both for companies run by citizens of Myanmar and for foreign companies.

Applicants are also required to pay stamp duty from the Internal Revenue Department. The stamp duty fees range from MMK 65,000 to MMK 165,000 depending on the authorized capital of the applicant company. Applicants need to pay the fees of stamp duty according to the defined time-frame of IRD. Associations are not required to pay stamp duty on registration.

How long does it take until a company incorporation certificate is issued?

3 For local companies, company incorporation certificates will be issued within three days upon payment of the registration fees to DICA.

For foreign companies, permanent certificates for businesses that do not need an MIC certificate will be issued within as few as three days upon receipt of a bank credit advice by DICA relating to capital that has been transferred to the company's account. Permanent certificates for business that do need an MIC certificate will be issued immediately upon issuance of the MIC permit. (In accordance with the Foreign Investment Law, applications for MIC permits are reviewed and approved within 90 days of the date on which the application is received.)

What is the minimum capital requirement when registering a company?

In general, there is no minimum capital requirement when registering a company in Myanmar. Minimum capital requirements for banking, insurance and securities companies should refer to regulations of the Central Bank of Myanmar and the Ministry of Planning and Finance respectively.

However, there are initial capital requirements for Myanmar public companies and foreign companies. This capital remains with the respective company and can be used by this company according to their operational needs.

4 Myanmar public companies: -----**MMK 50,000,000**

Foreign companies, branches or representative offices:

- MIC-permitted companies: **-USD 150,000**

MIC-permitted companies are expected to bring in their initial capital according to their investment plan. Proof of the initial capital brought in needs to be provided only when renewing the registration after 5 years.

- Others: -----**USD 50,000**

Upon registration, other companies are required to provide a credit advice from a bank account in Myanmar that states that 50% of the initial capital has been transferred. The remaining 50% is due no later than five years upon receipt of the registration certificate.

When registering a company as a joint venture, are there any provisions regarding the share proportion or the percentage applicable to foreign investors?

5

DICA has no restrictions regarding the share proportion for joint ventures between Myanmar citizens and foreigners. For MIC permitted companies, Notification No 16/2016 under the Foreign Investment Law 2012 provides a list of economic activities in which foreign investors may invest only in the form of a joint venture with a local partner, a local company, or citizens of Myanmar. For non-MIC permitted companies, the share proportion can be regulated depending on the main objectives of companies and specific regulations from relevant ministries. For detailed information or allowed share proportions for joint ventures, please visit the [Company Registration Division](#) at DICA or write an email to core.gov.mm@gmail.com.

What are the minimum and the maximum number of shareholders in a private company and in a public company?

6

In a private company, the transfer of shares is restricted, and the number of shareholders may range from a minimum of two to a maximum of fifty. Public limited-liability companies must have a minimum of seven shareholders.

Can companies begin operations immediately after registration?

7

Unless further licences are required from other relevant ministries and/or departments, private companies may begin operations immediately after they have received their company incorporation certificate. Information regarding required licences for different economic activities can be inquired directly at the [Company Registration Division](#) at DICA or via email to core.gov.mm@gmail.com.

Public companies must apply for a Certificate for Commencement of Business before they can begin operation. Detail for how to apply for the Certificate for Commencement of Business for public companies are provided in **Section 3.1.1** (Company registration procedures). These documents are also available for download from the DICA website.

What documents are required for registering a company

8

There are different types of documents required for registration, depending on the type of company or entity. Details on what documents are required for each type of company are provided in Section 3. The documents are available for download from DICA website.

How long are company registration certificates valid?

9

The company registration certificates are valid for 5 years. After the initial five-year period, companies must have their certificates renewed. Details of registration renewal procedures are provided in **Section 3.1.3**.

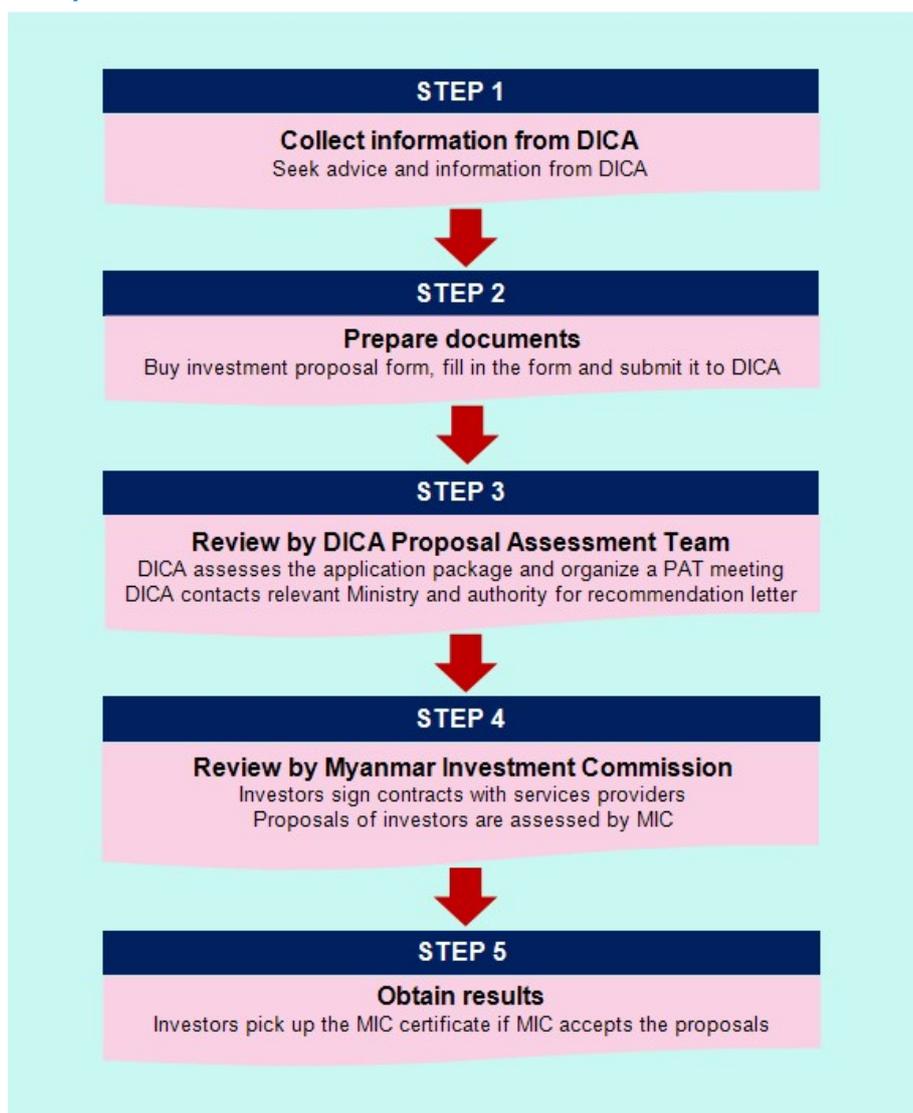

REMARK: The Myanmar Companies Law has been drafted, is on the approval process and is expected to be enacted in the first half of 2017 to replace current Myanmar Companies Act (1914). Please note the process indicated in the “3.1 BUSINESS ESTABLISHMENT PROCESS” here will change accordingly and ask DICA for the updated information.

3.2 INVESTMENT PROCESS⁵²

3.2.1 Applying for MIC permit

The Myanmar Investment Commission (MIC) is responsible for approving investment proposals and for issuing investment permits—also called MIC permit—in Myanmar.

Application procedure

REMARK: The procedures mentioned above and information in the section 3.2.2 and 3.2.3 may change when the new Myanmar Investment Law (18 October 2016) which comes into effect in April 2017 with new rules and regulations currently being drafted.

New procedures under the new Myanmar Investment Law will follow the Investment Policy below with the role of Myanmar Investment Commission and new processes indicated below. Further details will be delivered after the rules are promulgated and enacted.

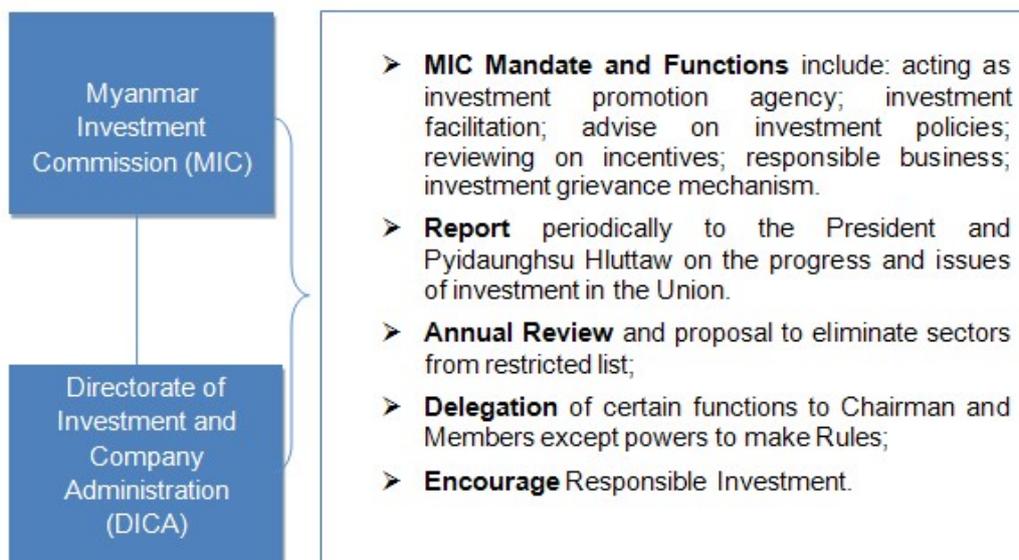

⁵² U Win Tin, Director (Monitoring Section), DICA

Investment Policy

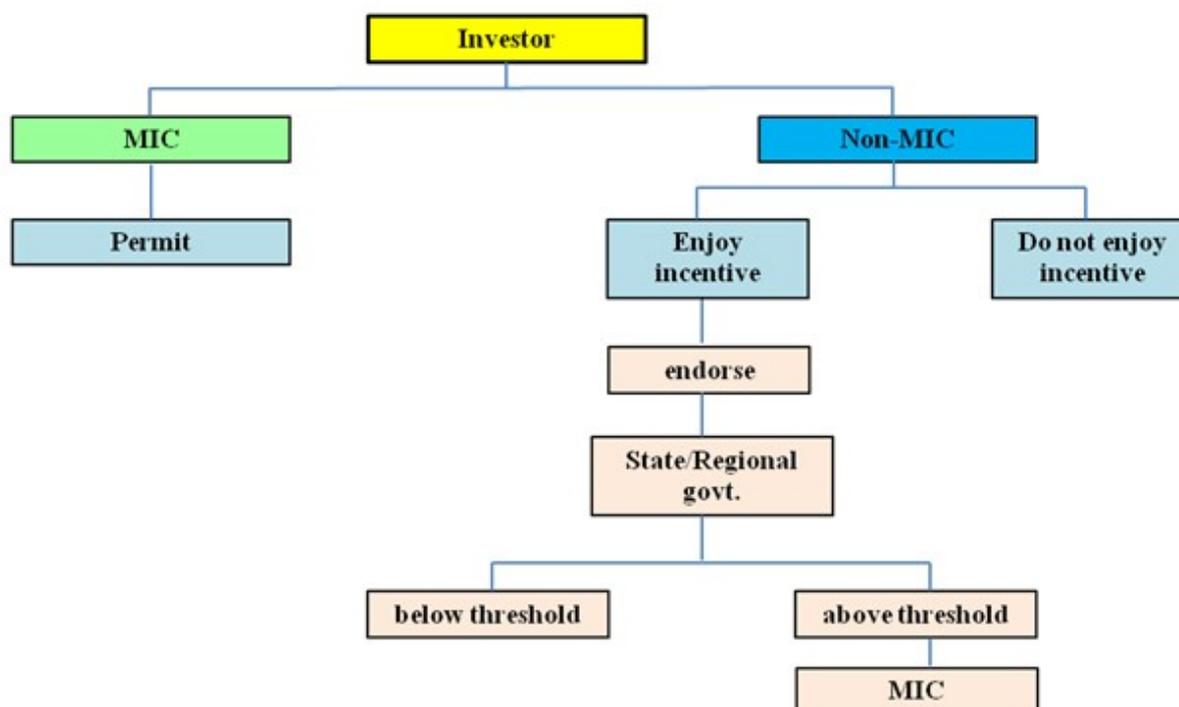

The Investment Policy published in November 2016 supports the implementation of the Government of the Republic of the Union of Myanmar's 12-point Economic Policy published on 29 July 2016.

- 1 Responsible and mutually beneficial foreign investment are welcomed.
- 2 The Myanmar Investment Commission and relevant government agencies will facilitate foreign investment through transparent, clear and expeditious procedures.
- 3 The establishment of supportive environment for all investors with macroeconomic stability, rule of law, credible dispute settlement procedures, and a reliable banking system the proper functioning of economic infrastructure will be carried out.
- 4 As foreign investments is very crucial for national development, the Union Government will-
 - (a) establish a predictable regulatory framework with non- discriminatory treatment between foreign and local businesses.
 - (b) protect businesses from disputed seizures.
 - (c) protect the right to transfer profits and other repatriations in accordance the law after payment of taxes and other payment obligations.
 - (d) provide long- term land lease for approved investments in accordance with the law.
- 5 Local and foreign investors must comply with the principles of responsible business conduct including in relation to environmental and natural resources matters.
- 6 Foreigners are not permitted to conduct certain businesses relating to national security, and culture and social affairs. These restricted business activities will be made publicly available.
- 7 The following investments will particularly be welcomed and encouraged:
 - (a) Productivity-enhancing and value-adding agro-based industries with linkages to regional and global supply chains.
 - (b) Activities that enable technology transfer and value added domestic production.
 - (c) Activities that support the development of small and medium enterprises.
 - (d) Investments for rapid infrastructure development.
 - (e) Investments that create job opportunities and delivery of vocational education support development of human capacity.
 - (f) Investments to be made in economically less developed regions.
 - (g) Investment to develop industrial cities and special economic clusters.
 - (h) Investments related to tourism.

Role of Myanmar Investment Commission

New process under the Myanmar Investment Law

3.2.2 Investment procedures and its cost

Under Directorate of Investment and Company Administration, there are four investment divisions. The following information is acquired from the four divisions:

Please note the following information will change under the new Myanmar Investment Law and associated new rules.

Investment Division 1⁵³

The following documents are necessities on application for the permission of amendment of Land and Building Lease Agreement, BOT Agreement, 100% Foreign Agreement, Joint Venture Agreement and need to attend to the Chairman of MIC:

Required documents for attachment	
1	Cover Letter
2	Letter from relevant Ministry
3	Board of Directors' resolution
4	Amendment of Agreement (Draft is acceptable)
5	Recommendation letter for the clearance of taxes
6	Power of Attorney (if investor cannot come to office)

Reporting

Necessary reports required to be submitted	
1	Quarterly Report
2	Audit Report

3.3 TAXATION⁵⁹

	Kind of tax	Subject	Calculation base	Percentage of the calculation base
1	Commercial tax	Rent of building, flat and land	Monthly rental	5%
2	Income tax	Employee (including expatriates)	Yearly income after deducting all tax reliefs	(See range below)
● See sample calculations of income tax at Appendix 8.5				
	Exemption:	1	If the annual income of a salaried person does not exceed MMK 4,800,000, he/she will be exempted from income tax	

⁵⁹ U Tun Than, Director, IRD

	2	Exemption from the income tax will be granted on the income from the salary of a Myanmar citizen earned in a foreign country. ⁶⁰				
	3	Although the income from the annual salary is above MMK 4,800,000, the exemption from income tax shall be granted if the remaining income does not exceed MMK 2,000,000 after deducting from the total one-year income the basic relief and relief for parents, spouse and siblings.				
Annual income	The annual income includes the following:					
	1	Income from the salary earned within one year				
	2	Additional benefits such as commission fee, annual fee, honorarium, etc.				
Tax reliefs⁶¹	The reliefs from the taxes mentioned below shall be deducted from the total yearly income:					
						MMK
	•	Basic relief (20% of the total income – not to exceed MMK 10,000,000)				< 10,000,000
	•	A parent living together				1,000,000
	•	A spouse				1,000,000
	•	A child				500,000
	•	Life insurance (for employee and wife)				—
•	Employee's contributions to social welfare fund				—	
Range to be taxed	Remaining income after tax relief deductions		Amount to be taxed	Rate	Fixed tax	Accumulated total
	From	To				
	1	2,000,000	2,000,000	0%	—	—
	2,000,001	5,000,000	3,000,000	5%	150,000	150,000
	5,000,001	10,000,000	5,000,000	10%	500,000	650,000
	10,000,001	20,000,000	10,000,000	15%	1,500,000	2,150,000
	20,000,001	30,000,000	10,000,000	20%	2,000,000	4,150,000
	30,000,001 and above		25%			

Taxes during operation of business

Tax and percentage		Tax to be calculated on	To be paid by
Commercial tax	5%	Service fee paid for construction of buildings, formation of rooms, setting up networks, etc	Investor
Withholding tax	2%	Service fee paid for construction of buildings, formation of rooms, setting up networks, etc	Company owner (Myanmar national)
Withholding tax	3.5%	Service fee paid for construction of buildings, formation of rooms, setting up networks, etc	Company owner (Foreigner)
Withholding tax	2%	Value of goods purchased within the country if the value exceeds MMK 300,000	Buyer of goods

If the importer is the businessman on whom MIC has not approved or the businessman who has exceeded enjoying the limit of the MIC-granted rights, he/she has to pay a 2% advance income tax imposed on the CIF value.

Import duty will be levied according to the type of the goods if the imported goods are not entitled to freedom from duty.

⁶⁰ Under Section 33, Sub-section (d) of the Union Tax Law 2016

⁶¹ Section 6, the Union Tax Law 2016

Import duty for exceptional commodities

Duty has to be paid according to the following table if goods such as alcohol, beer, wine, oil, tobacco, etc are imported into Myanmar:

Special commodity	Spot price level	Tax rate (MMK)
Various kinds of cigarettes	Up to MMK 400 per 20-cigarette package	MMK 3 per cigarette
	MMK 401 – 600 per 20-cigarette package	MMK 8 per cigarette
	MMK 601 – 800 per 20-cigarette package	MMK 12 per cigarette
Various kinds of cigarettes (if imported from abroad)	Of the CIF value	120%
Tobacco		60%
Processed Virginia tobacco		
Cheroot		
Cigar		
Tobacco for smoking pipe		
Kinds of tobacco for chewing		
Alcoholic drinks		
	MMK 501 – 1,000 per litre	MMK 169 per litre
	MMK 1,001 – 1,500 per litre	MMK 281 per litre
	MMK 1,501 – 2,000 per litre	MMK 394 per litre
	MMK 2,001 – 2,500 per litre	MMK 506 per litre
	MMK 2,501 – 3,000 per litre	MMK 619 per litre
	MMK 3,001 – 3,500 per litre	MMK 731 per litre
	MMK 3,501 – 4,000 per litre	MMK 844 per litre
	MMK 4,001 – 5,000 per litre	MMK 1,013 per litre
	MMK 5,001 – 6,000 per litre	MMK 1,238 per litre
	MMK 6,001 – 7,000 per litre	MMK 1,463 per litre
	MMK 7,001 – 8,000 per litre	MMK 1,688 per litre
	MMK 8,001 – 9,000 per litre	MMK 1,913 per litre
	MMK 9,001 – 10,000 per litre	MMK 2,138 per litre
	MMK 10,001 – 20,000 per litre	MMK 3,375 per litre
MMK 20,001 and above per litre	60% of 1 litre value	
Alcoholic drinks (if imported from abroad)	Of the CIF value	60%
Various wines	Of the CIF value	60%
	Up to MMK 500 per litre	MMK 50 per litre
	MMK 501 – 1,000 per litre	MMK 150 per litre
	MMK 1,001 – 1,500 per litre	MMK 250 per litre
	MMK 1,501 – 2,000 per litre	MMK 350 per litre
	MMK 2,001 – 2,500 per litre	MMK 450 per litre
	MMK 2,501 – 3,000 per litre	MMK 550 per litre
	MMK 3,001 – 3,500 per litre	MMK 650 per litre
	MMK 3,501 – 4,000 per litre	MMK 750 per litre
	MMK 4,001 – 5,000 per litre	MMK 900 per litre
	MMK 5,001 – 6,000 per litre	MMK 1,100 per litre
	MMK 6,001 – 7,000 per litre	MMK 1,300 per litre
	MMK 7,001 – 8,000 per litre	MMK 1,500 per litre
	MMK 8,001 – 9,000 per litre	MMK 1,700 per litre
	MMK 9,001 – 10,000 per litre	MMK 1,900 per litre
MMK 10,001 – 20,000 per litre	MMK 3,000 per litre	
MMK 20,001 and above per litre	50% of 1 litre value	
Wines (If imported from abroad)	Of the CIF value	50%
Teak and hardwoods, 10-inch-square and above teak and hardwood planks	Of the CIF value	25%

4 | EXPORT/IMPORT AND LOGISTICS

4.1 CUSTOMS AND CLEARANCE⁶²

Head Office export/import clearance procedure

Going through the following 5 steps takes **106** minutes.

Step 1:		Registration at the central
		<ul style="list-style-type: none"> Accepting the data from ICT and checking completeness and correctness of documents Giving ID number Checking with the manifest Sending the documents to the respective groups. It takes 30 minutes.
Step 2:	If complete	Levy (if necessary)
		<ul style="list-style-type: none"> Recording in the entry register. Doing calculation by the levying officer. Checking by the responsible official. It takes 29 minutes.
Step 3:		Setting the value (if necessary)
		<ul style="list-style-type: none"> The process of scrutinizing to approve the value takes 42 minutes.
Step 4:		Import Computer Section
		<ul style="list-style-type: none"> Asking for the required documents. Finding out the prices. Calculating and setting the value. It takes 1 to 2 days. Entering the final data. It takes 5 minutes.
Step 5:		Matters on which decision is difficult to make have to be submitted to respective higher levels—deputy director, director, deputy director-general, director-general, etc.

Port export/import clearance procedure

Going through the following 6 steps takes **50** minutes.

Step 1:		Port customs services
		<ul style="list-style-type: none"> Registering the documents sent from the Head Office. (ID, IL, ED, EL, B/L, Invoice, Packing List, B/E) It takes 2 minutes.
Step 2:		Officer-in-charge
		<ul style="list-style-type: none"> Submission of the file which the levying official has checked to the officer-in-charge. Giving sanction to inspect (On-the-spot check by unpacking or inspection or X-ray scanning). It takes about 5 minutes.
Step 3:		Inspection Team
		<ul style="list-style-type: none"> Inspecting by forming an inspection team (On-the-spot check by unpacking or inspection or X-ray scanning). Writing endorse-

⁶² U Thet Naing Oo, Director, Customs Department

	ment on the findings. It takes 35 minutes.
Step 4:	Senior Inspection Officer
	<ul style="list-style-type: none"> ▪ Approving the findings by the Inspection Team. Proceeding to submit them to the officer-in-charge. It takes about 3 minutes.
Step 5:	Officer-in-charge
	<ul style="list-style-type: none"> ▪ Checking for correctness by officer-in-charge. It takes 3 minutes. ▪ If there is something wrong on inspection, the officer-in-charge submits the case to the Head Office. It takes 1 to 2 days.
Step 6:	Collecting the goods and embarking them onboard
	<ul style="list-style-type: none"> ▪ Collecting the goods and embarking them onboard after signing the DL if everything is correct.

Airport warehouse import clearance procedure

Going through the following 7 steps takes **90** minutes.

Step 1:	Airport customs services
	<ul style="list-style-type: none"> ▪ Registering the files submitted together with ID and opening CA Form (ID, IL, Invoice, Packing List, Airway Bill) It takes about 10 minutes.
Step 2:	Officer-in-charge
	<ul style="list-style-type: none"> ▪ Signing the CA Form and assigning for inspection by the Inspection Team. It takes about 5 minutes.
Step 3:	Inspection Team
	<ul style="list-style-type: none"> ▪ Checking by unpacking under Risk Management. It takes about 15 minutes.
Step 4:	Levying officer
	<ul style="list-style-type: none"> ▪ Calculating the tax to be levied on the contents in the CA Form and the fee for warehouse. It takes about 15 minutes
Step 5:	Collecting the warehouse fee and the tax due
	<ul style="list-style-type: none"> ▪ Collecting the warehouse fee and the tax due takes 10 minutes.
Step 6:	Officer-in-charge
	<ul style="list-style-type: none"> ▪ Checking the CA Form payment receipt and giving permission for collecting goods. It take 5 minutes
Step 7:	Issuing goods
	<ul style="list-style-type: none"> ▪ Issuing goods takes 30 minutes.

Online clearance system – MACCS

Customs Department of the Ministry of Planning and Finance introduced the Myanmar Automated Cargo Clearance System (MACCS) and Myanmar Customs Information System (MCIS)) with the support of the Government of Japan and Japan International Cooperation Agency (JICA) to be used in Yangon Region in its first phase. MACCS is an online cargo clearance system that saves time in undergoing the Myanmar Customs Department's export and import clearance procedures, aimed at joining the ASEAN Single Window.

What is significant about MACCS is that it is available for 24 hours. Whereas it takes 3 to 4 days in manual services to process the documents, MACCS takes just 3 seconds to do the

same. It can accept the declaration documents outside the office hours. Taxes can be paid from bank deposits and through bank guarantee system. It has changed the pay-tax-and-collect-goods system to check-goods-and-pay-tax system. It changed to the practice of the Weekly Exchange Rate from the Daily Exchange Rate, issued daily by the Central Bank of Myanmar, for calculation of various taxes.

Altogether 14 points in the network have been kept ready. It will handle international trade along the Yangon Port including the Thilawa Special Economic Zone and exported and imported goods via ports and airports.

Taxes collected by MACCS

There are 10 taxes which can be collected by MACCS:

1	Customs Duty	6	Advanced Income Tax
2	Commercial Tax	7	MACCS Service Fees
3	Security Free (for X-ray) Redemption Deposit or Post Value Revenue Deposit (RD or PVRD)	8	Redemption Fine (RF)
4	Specific Goods Tax	9	Direct Penalty (DP)
5	Transit Duty	10	License Fee

Work for extension

The shortcomings in the manual or paperwork system are delay, high costs, difficulty in compiling trade statistics, hindrances in trading, and emergence of corrupt cases as the employees and the public are in direct contact.

To lessen and get rid of them, the MACCS and MCIS are implemented, based on the Nippon Automated Cargo and Port Consolidated System (NACCS) and Customs Intelligence System (CIS).

Ten taxes, including Customs Duty, are collected through MACCS. In the second phase, the system will be extended to the border posts, to be implemented in the years after 2018. The Customs Department has been installing Local Area Network (LAN) and Wide Area Network (WAN) and as of October 2016, has completed 14 LANs and 13 WANs apart from the airport warehouse still under construction.

Organizations linked up

As MACCS is supportive to the National Single Window implementation, it will be linked up with other governmental associations (OGAs). The first phase being involved in export/import clearance procedures, it has links with the Ministry of Commerce, Myanmar Port Authority, Food and Drug Administration, Plant Quarantine, Livestock and Veterinary Department, Fisheries Department and the Myanmar Economic Bank.

Customs Tariff of Myanmar

Classification of HS Code

CO form for tax reduction in export

The Certificate of Origin Section is under the Department of Trade, Ministry of Commerce. This section issued a Certificate of Origin for the foreign investors. In exporting products, the investors from the various countries can achieve tax reduction by applying the following Certificate of Origin (CO) forms from CO Section of Department of Trade, Ministry of Commerce.

Sr	Name of CO Forms	Privilege countries	Issued date
1	Generalized System of Preferences (Form A)	37 developed countries with 11 programs	1-8-1990
2	Preferential Treatment for LDCs from Korea	Republic of Korea	21-8-2000
3	Duty Free Tariff Preference (DFTP Scheme) from India (Form DFTP)	India	24-4-2009
4	ASEAN Free Trade Area (AFTA) (ATI-GA Form D)	10 ASEAN Countries	23-11-1998/ 1-7-2010
5	ASEAN-China Free Trade Area (Form E)	China and 10 ASEAN Countries	6-9-2005/ 1-7-2010

6	ASEAN-Korea Free Trade Area (Form AK)	Republic of Korea and 10 ASEAN Countries	1-7-2007
7	ASEAN-Japan CEP (Form AJ)	Japan and 10 ASEAN Countries	1-12-2008
8	ASEAN-Australia & New Zealand Free Trade Area (Form AANZ)	Australia, New Zealand and 10 ASEAN Countries	1-1-2010
9	ASEAN-India Free Trade Area (Form AI)	India and 10 ASEAN Countries	15-1-2010

Related procedures and costs for applying CO Forms

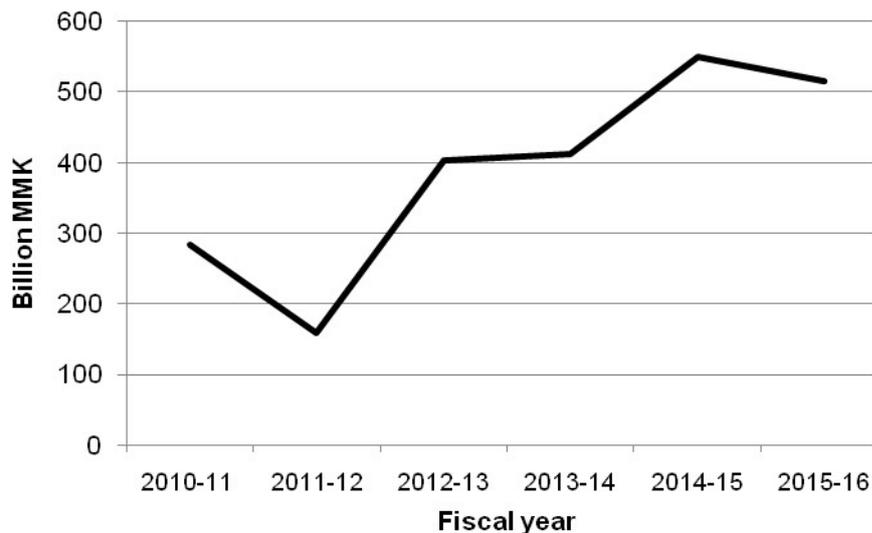

- 1 The investors need to fill the CO forms correctly (MMK 300 for CO Form)
- 2 The investors need to pay registration fees (MMK 3,000 for registration fees and MMK 300 for receipt)
- 3 If the investors want to amend the CO form, it will cost MMK 1,000 per one time amendment
- 4 If the investors want to apply True Copy of CO form, it will cost MMK 5,000 per True Copy.

Required documents for applying CO Forms

- 1 CO Form (to apply with company letter head to Director General of CO Section)
- 2 If the products are local products,
 - (a) Acknowledgement for the 100% local products
- 3 If the products are CMP products,
 - (a) Acknowledgement for CMP products
- 4 For the CMP products
 - (a) Raw material lists per one unit of CMP products
 - (b) Cost Sheet per one unit of CMP products
 - (c) Manufacturing process of CMP products
- 5 CO Form in English Language without have any correction (Managing Director or Director need to sign in Form XXVI)
- 6 Bill of landing Certificate
- 7 Invoice and Packing list
- 8 Export Declaration Form from Customs Department (Original and Copy)
- 9 Export License (Copy)
- 10 Business Registration Card and Form XXVI (Copies)

Trend of annual revenue from taxes

In the trade in Myanmar, border trade accounts for 20%, trade by water and air ways 80%, in which waterway trade is much greater than the airway trade).

Fiscal year	MMK in billions
2010-2011	283
2011-2012	158
2012-2013	402
2013-2014	412
2014-2015	549
2015-2016	514

4.2 EXPORT AND IMPORT⁶³

4.2.1 Exporter-Importer registration

The Department of Trade is now issuing the Exporter-Importer Registration (without separately issuing exporter registration or importer registration) as the only one certificate. If the companies wish to do export and import of products, they can carry them out only with the one registration certificate.

Procedures regarding exporter-importer registration

Types of registration

- Applying for new registration
- Extending current registration
- Amending registration
- Applying for true copy registration

Places to apply for registration of exporter-importer business

1	2	3	4
Office 3: Department of Trade, Ministry of Commerce	Ministry of Com- merce (Yangon Branch Of- fice)	One Stop Service Directorate of Investment and Company Registra- tion	One Stop Ser- vice
Nay Pyi Taw	Strand Road, Yan- gon	Yankin Township, Yangon	Thilawa Special Economic Zone

Documents needed for new registrations of export business

- Application form with company's letter head (Online form)
- Letter from company registration office, DICA (original and copy)
- Certificate of registration of documents (CRD) (original and copy)
- Certificate of registration of company (original and copy)
- Names of Board of Directors (Form 26) (original and copy)

⁶³ U Zaw Min, Director, Directorate of Trade, Ministry of Commerce

- 6 Shares of Board of Directors (Form 6) (original and copy)
- 7 Photo table of Director/EC members
- 8 Association book for rules and regulations (original)
- 9 Permission from Myanmar Investment Commission (only for the companies who apply with MIC permission)
- 10 Form of permit (only for the foreign companies who apply with MIC permission)
- 11 Copy of passport of Managing Director of Director (only for the foreign companies who do not have MIC permission)

Related costs for new registration of exporter importer business

Payment categories	Costs (MMK)
Payment for online registration	2,500
Payment for online registration (If the department needs to type the documents)	1,000
Payment for registration card	500
Registration fees for 6 months	50,000
Registration fees for 1 year	50,000
Registration fees for 2 years	100,000
Registration fees for 3 years	150,000
Registration fees for above 3 to 5 years	200,000

Note: There is no cost for export license. The life span of export license is 3 months from the registration date.

Documents needed for extending current registration

- 1 Application form with company's letter head (Online form)
- 2 Letter from company registration office, DICA (original and copy)
- 3 Certificate of registration of company (original and copy)
- 4 Certificate of current exporter importer registration (original and copy)
- 5 Lists of BODs/Shareholders (original and copy)

Documents needed for amending current registration

- 1 Application form with company's letter head (Online form)
- 2 Letter from company registration office, DICA (original and copy)
- 3 Certificate of registration of company (original and copy)
- 4 Proofs issued by the company registration office for changes and amendments
- 5 Names of Board of Directors (Form 26) (original and copy)
- 6 Shares of Board of Directors (Form 6) (original and copy)

Related costs for amending registration

- a Amending the names of BODs
- b Amending company's address
- c Amending company's name
- d Amending purpose of business

Regarding costs for amending the points (a) to (c), the investor needs to pay MMK 1,000 for every amendment. Regarding costs for amending the point (d), the investor needs to pay MMK 1,000 for each amendment.

Documents needed for applying for certified copy of exporter-importer registration

- 1 Application form with company's letter head (Online form)
- 2 Letter from company registration office, DICA (original and copy)

- 3 Certificate of registration of company (original and copy)
- 4 Certificate of current exporter-importer registration (original and copy)
- 5 Names of Board of Directors (Form 26) (original and copy)
- 6 Shares of Board of Directors (Form 6) (original and copy)
- 7 Notice for loss in the newspaper (original)
- 8 Recommendation from ward administrator and police station

Related costs for applying certified copy of exporter importer registration

When the investor lost or damaged the export license, he/she can apply for the true copy by paying MMK 3,000 and related documents.

	Fee in MMK
Applying for a true copy the export license that has been lost (together with related documents)	3,000

4.2.2 Procedures Regarding Import and Export License

Export License

There is no cost for export license. The validity of export license is three months from the date of issue. The extension for license validity is allowed and the extension period is two months for the first time and one month for the second time.

Related costs for amending current export license

		Costs for amendment	Costs for penalty	
		Per amendment (MMK)		
 Related costs to be paid after export license has expired	1	Apply within 1 month	3,000	—
	2	Apply within 1 month to 3 months	3,000	500
	3	Apply within 3 months to 6 months	3,000	1,000
	4	Apply after 6 months	3,000	5,000

Related costs for applying certified copy of export license

When exporter lost or damaged the export license, he/ she can apply for the copy by paying MMK 5,000 and related documents.

	Fee in MMK
Applying for a certified copy the export license that has been lost or damaged (together with related documents)	5,000

Import license

The validity of import license is three months from the date of issue. The extension for license validity is allowed and the extension period is two months for first time and one month for second time.

The importer needs to pay license fees for import as follows:

CIF values (In MMK)	License fees for import (MMK)
1 - 10,000	250

10,001 - 25,000	625
25,001 - 50,000	1,250
50,001 - 100,000	2,500
100,001 - 200,000	5,000
200,001 - 400,000	10,000
400,001 - 1,000,000	20,000
1,000,001 and above	50,000

Related costs for amending current import license

 <p>Related costs to be paid after import license has expired</p>			Costs for amendment	Costs for penalty
			Per amendment (MMK)	
	1	Apply within 1 month	5,000 or 2.5 % of license's value whichever is lesser	-
	2	Apply within 1 to 3 months	5,000 or 2.5 % of license's value whichever is lesser	500
	3	Apply within 3 to 6 months	5,000 or 2.5 % of license's value whichever is lesser	1,000
4	Apply after 6 months	5,000 or 2.5 % of license's value whichever is lesser	5,000	

Related costs for applying certified copy of import license

When the importer lost or damaged the import license, he/ she can apply for the certified copy by paying MMK 5,000 and related documents.

	Fee in MMK
Applying for a certified copy the import license that has been lost or damaged (together with related documents)	5,000

Related costs for surrender of the import license to the department

4.2.3 Export and import inspection⁶⁴

Inspection of export and import goods

MITS is conducting the inspection and testing services for exported goods and imported goods very precisely, swiftly and correctly. Export & Import commodities inspection is carried out by experienced personnel of MITS for the following commodities:

- a Agricultural crops: such as rice and rice products, beans and pulses, maize, sesame, oil cakes and other agricultural products, chilly, onion, ginger etc:
- b Forestry products: rubber, cane/rattan, bamboo and its products etc:

⁶⁴ Col Win Swe, Managing Director (Retd), Myanmar Inspection and Testing Services Ltd (MITS)

- c Mineral products: such as petroleum coke etc:
- d Manufacturing products: fertilizer glasses and cement etc:
- e Animal products: hides & skins, duck feather, bones and horns etc:
- f Marine products: fish and prawn, live-crabs etc:
- g Fruits and vegetables: such a mangoes, apples, limes, lychee etc:
- h Machinery and its spare parts.
- i Food stuff and general commodities: such as cooking oil, wheat, cashew nut and preserved mango etc:
- j Lubricants: raw oil, fuel oil.
- k Motor vehicle and its spare parts.
- l Construction and project bridge materials.
- m Electrical goods.
- n Textile goods and Handicraft products.
- o Dairy products: such as condensed milk, evaporated milk etc:
- p Palm Oil (In bulk & in drums)
- q Industrial oil for making soap (In bulk)

MIT S Provides the high quality services on inspection as follows:

- Quality control:** Sampling inspection, marking and packing conditions.
- Weight control:** Weighing and checking the weight and tonnage loaded.
- Supervision:** Supervise the loading throughout.
- Inspection:** Inspection of ship holds/tanks for cleanliness.

Insurance claims

MIT S is a recognized insurance surveyor and operates independently. With MIT S surveys and appraisals, the customers (importers) can assume a fair assessment should the imported cargo be damaged or lost. All analytical works, as and when necessary, are done by the MIT S and in some cases, with the cooperation of the Central Research Organization and other government laboratories. For all inspection and survey job conducted and undertaken by the MIT S, Views, Suggestions and Inspection Certificates are given strictly in accordance with the contractual terms and specifications independently and impartially.

Fees for inspection

- a Fees for inspection services done abroad shall be claimed in United States dollar.
- b Fees for inspection services done locally shall be claimed in MMK or USD.

Export and import inspection fees

Sr No	Description	Unit	Inspection fees (MMK)
1	Agricultural and farm products		
	(Except rice)		
a	Up to 50MT minimum fee		30,000
b	Above 50 MT to 200 MT minimum fee (up to 100)		40,000
	Above 50 MT to 200 MT minimum fee (up to 200)		50,000
c	Above 200 MT	per MT	300
d	Tally charges	per MT	100
e	Container sealing	per FCL per valve	2,500 1,500
f	Container inspection	per 20' FCL per 40' FCL	30,000 40,000
g	Container inspection (empty)	per FCL	5,000
	For rice shipment		
a	Up to 50 MT minimum fee		40,000
b	Above 50 MT to 200 MT minimum fee (up to 100 MT)		50,000

	Above 50 MT to 200 MT minimum fee (up to 200 MT)		60,000
c	Above 200 MT	perMT	350
	Additional service charges		
a	For usual service with 20% random		-
	Check weighing	perMT	300
	Minimum fee		60,000
b	For usual service with 100% weighing	perMT	600
	Minimum fee		120,000
c	Quality inspection at warehouse	perMT	300
	Minimum fee		15,000
d	Physical analysis charges (Sample brought by clients)	per sample	5,000
e	Sampling & analysis charges (Sample drawn by us)	per lot	10,000
f	Splitting of document & extra document	per sheet	2,000
g	Re-insurance of certification charges	per sheet	2,000
h	Report insurance charges for weight list	per sheet	1,000
i	Report insurance charges for custom clearance	per sheet	1,500
2	Hatch survey (on board)		
	Up to 2 hatches		150,000
	3 hatches & over		200,000
3	Forest products		
a	Rubber up to 300 bales minimum fee		12,000
b	Rattan / handicraft	per intervention	25,000
4	Sampling for analysis		
a	Rbd palm olein (in drum) edible oil & industrial oil	per consignment	20,000
b	Rbd palm olein(in bulk) other edible & industrial oil	per consignment	50,000
c	Tank cleanliness survey	per tank	10,000
d	Milk & milk products	per consignment	10,000
e	Bitumen	per sample ⁶⁵	20,000
5	Mineral & chemical products		
a	Cement/fertilizer/urea	per MT	150
	Minimum fee		15,000
b	Mineral	per MT	150
	Minimum fee		15,000
6	Destination survey		
a	Rbd palm olein (in drum) (other edible & industrial oil)	per MT	120
b	Rbd palm olein (in bulk)	per20' FCL	10,000
	Other edible & industrial oil	per 40' FCL	15,000
	Minimum fee	perMT	100
	Minimum fee		10,000
c	Milk & milk products up to 50 MT	per item	10,000
	Above 50 MT to 100 MT	per item	15,000
	Above 100 MT	per item	20,000
d	Petroleum (in bulk)	perMT	150
	Minimum fee		15,000
e	Bitumen		
	Up to 5 FCL minimum fee		20,000
	Over 5 FCL	perMT	200
7	Industrial products		
a	Motor vehicle (G = government; P = private)	perMT	20,000 G 30,000 P
b	Heavy trucks	perMT	25,000 G 40,000 P
8	Other jobs (Destination survey)	per intervention per company	10,000 G
	Up to 50 MT minimum fee		10,000 G
	Above 50 MT	perMT	200 G
	Other job (Destination survey)	per intervention per company	15,000 P
	Up to 50 MT minimum fee		15,000 P

⁶⁵According to ASTM Bitumen sampling method, add MMK 5000/- for each more than one sampled container.

	Above 50 MT	perMT	200 P
	Other job (outside Yangon) – 12 hour shift	per man/day	15,000 G
			20,000 P
9	Goods imported into Myanmar	Up to USD 5000	10,000
		5001—15000	15,000
		15001—25000	20,000
		25001—50000	30,000
		50001—100000	50,000
		100001—250000	75,000
		250001—500000	100,000
		500000 & above	120,000
10	Re-export	per item	20,000
11	Service charges for Rac, Afla, Radiation... etc	per item	20,000
12	Travelling charges at cost		2,000

Sr. No	Description	Unit	Inspection fees (MMK)	Remarks
1	Fumigation (export of agricultural and farming products)			
a	Up to 60,000 Ton	per sq-ft	7	Cargo ton
b	Above 60,000 Ton	per sq-ft	5	1 ton = MMK 250

Export and import inspection fees of FDA laboratory

Sr No	Commodity	Analysis fees (MMK)
1	Condensed milk	17,550
2	Milk	22,550
3	Palm oil	24,000
4	Margarine	31,100
5	Butter oil	31,100
6	Butter/cheese	31,100
7	Shortening/ bakery fat/ coating fat	31,100
8	Non-dairy creamer/ coffee creamer/ coffee mate	21,650
9	Lactogen/ skim milk/ milk powder/ whole milk	21,650
10	Whey powder	12,400
11	Modified starch	9,050
12	Donut mix	9,050
13	Artificial meat	15,000
14	Coffee powder	15,400
15	Sodium cyclamate/ bicarbonate	6,950
16	Citric acid	5,300
17	Chicken sausage/Pork sausage/Can (chicken/pork)	12,300
18	Lemon tea	11,950
19	Suman rose powder	12,650
20	Cream cracker	13,600
21	Pepsi/juice	13,600
22	Sunflower oil/ soy bean oil	24,000
23	Soy protein	10,500
24	Corn starch/ potato starch/ pop cora	7,100
25	Coconut cream	7,900
26	Instant coffee	15,400
27	Milo/horlicks	18,050
28	Sodium glutamate/ chicken powder	12,500
29	Ice cream powder	21,650
30	Fruit gel	12,000
31	Soy sauce	11,100
32	Chicken flavoured rice/ san pyoke	8,900
33	Glucose	8,000

34	Maltodextrin	8,200
35	Dry yeast	4,900
36	Vitamin "c" yummy gummy	13,700
37	Malt cereal	6,150
38	Golden raisin	6,500
39	Coffee flavour	13,000
40	Bread crumb	9,150
41	Coffee Mix 3 in 1	11,650
42	Seaweed	9,750
43	Chocolate	10,950
44	Vanilla powder	8,000
45	Refined sugar	6,650
46	Oat Flour	7,150
47	Malt-extract cereal	6,150
48	Noodle	15,500
49	Foreign-chicken	12,300
50	Plaste C	13,700
51	Coconut oil	24,000
52	Potato crisps	91,500
53	Tana with chilts	12,300
54	Surimi products	12,300
55	Tomato paste	24,000
56	Flavour	8,000
57	Pure extract (health-plus)	8,000
58	Collagen	8,000
59	Ice cream	14,150
60	Bean sauce	24,000
61	Natural water	9,500
62	Soy post	9,450
63	Soy sauce 3	8,950
64	Bread flavour	6,500
65	Milk fat/omega classic dry	24,000
66	Glycerin	8,000
67	Tin grease	24,000

4.3 OVERSEAS LOGISTICS

Procedure (Export and import)

First the data are keyed into the MACCS (Myanmar Automated Cargo Clearance System). After getting the shipment approval for export shipment and examination by the Customs officer at the port, the cargoes can be moved out.

In the import process also, after getting the release order and examination by the Customs officer, cargoes can be taken out from the warehouse.

Freight charges by sea and by air⁶⁶

Example:

Destination	Means of transport	Cargo size	Charge in USD
Yangon (RGN) to Tokyo (TYO)	By sea	20-foot container	500
Yangon (RGN) to Tokyo (TYO)	By sea	40-foot container GP	800
Yangon (RGN) to (HAM)	By sea	20-foot container	1,500

⁶⁶ Daw Thit Thit Htet, Vice-President, Myanmar International Freight Forwarders Association

Yangon (RGN) to (HAM)	By sea	40-foot container	3,000
Yangon (RGN) to (NWK)	By sea	20-foot container	3,000
Yangon (RGN) to (NWK)	By sea	40-foot container	4,000
BL fee (per BL)			50

The rates vary depending on the destination.

Destination	Means of transport	Cargo size	Unit cost (per kg)	Charge in USD
Yangon (RGN) to Narita International Airport (NRT)	By air	1,000 kg	1.45	1,450
Yangon (RGN) to (HAM)	By air	1,000 kg	2.65	2,650
Yangon (RGN) to (SYD)	By air	1,000 kg	1.90	1,900
Yangon (RGN) to (LAX)	By air	1,000 kg	3.30	3,300
Yangon (RGN) to (SIN)	By air	1,000 kg	1.00	1,000
Yangon (RGN) to (DEL)	By air	1,000 kg	1.50	1,500
AWB fee (Per AWB):				30

Express worldwide⁶⁷

DHL EXPRESS

The rates are subject to change.

From Myanmar

Weight	Zone 1	Zone 2	Zone 3	Zone 4	Zone 5	Zone 6	Zone 7	Zone 8
Kg	USD							
0.5	33.44	36.95	39.85	39.85	63.27	63.27	72.43	77.99

4.4 CROSS-BORDER LOGISTICS⁶⁸

Procedure

Customs officer checks the documents and examines the cargoes. Then they release the cargoes. Invoice, packing list and license are required to do the Customs clearance at the border. It takes maximum 2 days for the local handling at the border if the documents are in order.

Transportation cost

Destination	Means of transport	Cargo size	Charge in USD
Myawaddy border to Yangon	By land	20-foot container	1,500

4.5 DOMESTIC LOGISTICS⁶⁹

There are no specific procedures for the transportation of cargoes within regions and to border checkpoints. Cargoes are transported mainly by truck. Railway is sometimes used and water way is rarely used.

Truck charges

From	To	Cargo size	Charge (USD)
MIP/AWPT	Mingaladon Industrial Zone	20-foot-container	200
	Shwe Pyithar Industrial Zone Hlaingtharyar Industrial Zone	40-foot-container	400

Subject to empty container return charges, laden night stop charges and day-over charges. In addition to these charges, there will be toll fees to be paid.

4.6 CARGO HANDLING COSTS⁷⁰

Description	Cargo size	Fee(USD)
Loading and unloading fees	20-foot-container	50
	40-foot-container	70
Warehouse charge	1 CBM per day	0.50
Warehouse (cold storage) charge	---	---

Normally, there are no labour charges, but there will be labour charges and forklift charges for heavy cargo.

⁶⁸ Daw Thit Thit Htet, Vice-President, Myanmar International Freight Forwarders Association

13	Fees for water connection (6" Ø)	64	per No
14	Water charges at construction period (with water meter)	0.23	per square-foot
15	Water charges at construction period (with water meter)	4	per 1000 gal
16	Water charges for domestic use	2	per 1000 gal

⁷³ U Thein Min, Deputy Chief Engineer, Water and Sanitation Department, YCDC

Charges for water and sanitation

Commercial	MMK 880	▪ Collect from all foreign companies at MMK 880.
Condo	MMK 880	▪ Calculate per cubic-meter
Factory	MMK 880	(1 cu-m = 220 gallons)

5.3 Waste disposal and treatment

Waste disposal

Waste disposal is carried out by the following two departments under YCDC:

Waste disposal	carried out by:
Domestic waste	Water and Sanitation Department, YCDC
Industrial waste	Pollution Control and Cleansing Department, YCDC

Up to the present time, fee is collected only for water treatment, not for disposal.

Permissions for water piping

1	Temporary water connection permission	When wishing to use the water in the construction a new building
Documents to be submitted		
1	Application form designated by department	
2	Propose form 2 sets on which license piping engineer signed his signature	
3	Copy of NRC of the applicant	
4	Copy of estate ownership document of the applicant	
5	Tax clearance recommendation of respective EO or recommendation of no taxation	
6	Copy of construction order	
7	Copy of sewage pond and septic pipe permit or apply with attached	
2	Final water connection permission	When wishing to use water continuously after the construction was completed
Documents to be submitted		
1	Application form designated by department	
2	Propose form 2 sets on which license piping engineer signed his signature	
3	Copy of NRC of the applicant	
4	Copy of estate ownership document of the applicant	
5	Copy of construction order (if different from the original building construction order, copy of renovation order)	
6	Temporary water connection permission	
7	Copy of sewage pond and septic pipe permit or apply attached	
3	Old house water connection permission	When wishing to use the water without renovating the building
Documents to be submitted		
1	Application form designated by department	
2	Propose form 2 sets on which license piping engineer signed his signature	

3	Copy of NRC of the applicant	
4	Copy of estate ownership document of the applicant	
5	Tax clearance recommendation of respective EO or recommendation of no taxation	
6	Copy of sewage pond and septic pipe permit or apply with attached	
4	Multiple water connection permission	When wishing to use the water diverse from the original
Documents to be submitted		
1	Application form designated by department	
2	Propose form 2 sets on which license piping engineer signed his signature	
3	Copy of NRC of the applicant	
4	Copy of estate ownership document of the applicant	
5	Copy of origin water piping order or copy of water tax receipt	
6	Agreement of origin water piping order holder	
5	Extra water connection permission	Using water through a particular pipeline without taking water from the original pipeline
Documents to be submitted		
1	Application form designated by department	
2	Propose form 2 sets on which license piping engineer signed his signature	
3	Copy of NRC of the applicant	
4	Copy of estate ownership document of the applicant	
5	Copy of origin water piping order or copy of water tax receipt	
6	Agreement of land owner or origin water connection permit holder	
7	Recommendation of respective ward and township authorized organization if unable to submit the agreement	
6	Moving the water pipeline and connection permission	Using water by moving the pipeline because of weak water flow through the pipe and wishing to close it
Documents to be submitted		
1	Application form designated by department	
2	Propose form 2 sets on which license piping engineer signed his signature	
3	Copy of NRC of the applicant	
4	Copy of estate ownership document of the applicant	Engineering Department (Water & Sanitation) City Hall. Tel: 01 382990
5	Copy of origin water piping order or copy of water tax receipt	
6	Document of water pumping fixing completion	
7	Scraping the water pipe permission	
Documents to be submitted		
1	Application form designated by department	
2	Propose form 2 sets on which license piping engineer signed his signature	
3	Copy of NRC of the applicant	
4	Copy of estate ownership document of the applicant	
5	Copy of origin water piping order or copy of water tax receipt	

6	Document of completion of fixing water meter
8	Fixing pumping motor permission Wishing to fix the water pumping motor

Documents to be submitted

1	Application form designated by department
2	Propose form 2 sets on which license piping engineer signed his signature
3	Copy of NRC of the applicant
4	Copy of real estate ownership document of the applicant
5	Copy of original water connection permission if use the committee owned water or water tax receipt
6	Document of completion to fix the water meter if use the committee owned water
7	For more details, please contact Engineering Department (Water & Sanitation), City Hall, Tel: 01 382990

9	Septic tank permission
----------	-------------------------------

- **Septic tank construction permission**—To construct the septic tank in the premises of single-owned or committee-owned back lane
- **Temporary toilet construction permission**—To use the septic pipe while new building is constructed under way in the septic pipe area
- **Septic pipe connection permission**—To connect and use the septic pipe after the building was completed

Documents to be submitted

1	Application form designated by department
2	Propose form 2 sets on which license piping engineer signed his signature
3	Copy of NRC of the applicant
4	Copy of real estate ownership document of the applicant
5	Copy of blue print of building
6	Confession of owner expressed fully to take care in building it to meet the form permitted by department
7	For more details, please contact Engineering Department (Water & Sanitation), City Hall, Tel: 01 382990
8	For the certificate of completed building, BBC which was four- or above-four storey building, Engineering Department (Water & Sanitation) has issued the water & sanitation related recommendation.

10	Water & Sanitation Recommendation Certificate for BBC
-----------	--

Documents to be submitted

1	Water & sanitation related permission copy
2	Construction building permission copy
3	Photos of placing the water meter, water motor, bathroom, toilet, water connection pipe line, waste water pipe line, septic pipe line, and septic tank.

11	Water & Sanitation Recommendation Certificate for BCC
-----------	--

Documents to be submitted

1	Completion of water & sanitation related permission
2	Completion of to fix water meter and motor at the building connecting to municipal water
3	Completion of to fix the water motor at the building which use the owned tube well
4	Completion of to fix the cover pipe at the wire of water motor
5	Placing manhole at the hole of septic tank where septic pipe was down
6	Level of pipe that coming down into septic tank which was down from septic pipe was right or not
7	Fixing of air exhaust pipe to the septic pipeline
8	Fixing the waste water pipeline
9	Placing the manhole and air gauze
10	Septic tank was meet its capacity
11	Connection condition of septic pipe if it was in the area of septic pipe
12	To left the land space 6-ft and 8-in for all low and high-rise buildings if it hasn't BDS back of it to construct the septic tank.
13	There isn't left any land space in owned land, then apply may made to construct the septic at B.D.S for the low and high-rise building which has BDS at its back.

Quick study on waste management in Myanmar ⁷⁴
Current situation and key challenges

Waste generation

Currently there is no accurate and reliable data on the total waste generation in the country.

Solid waste generation in Myanmar (Estimation of World Bank 2012)

	Per-day generation	Per-capita/per-day generation
2012	5,616 tons	0.44 kg
2025	21,012 tons	0.85 kg

	Per-day generation	%
Yangon	1,981 tons	35%
Mandalay	955 tons	17%
Nay Pyi Taw	160 tons	3%
Other regions	2,520 tons	45%
Total ►	5,616 tons	100%

Due to the rapid increase of waste generation, both Mandalay and City Development Committees have prioritized solid waste management as issues of immediate concern, both in terms of the environment and public health.

⁷⁴ Paper (draft) by Institute for Global Environmental Strategies (IGES), Japan, with support from Environmental Quality Management Co Ltd, Myanmar, submitted to First National/City Workshops for Developing the National/City Waste Management Strategies, 13 – 17 June 2026

Waste collection and disposal

Traditionally, waste collection and disposal in Myanmar have been the responsibility of local municipal authorities. In Yangon, Mandalay and Nay Pyi Taw, respective City Development Committees and their Pollution Control and Cleansing Departments (PCCDs) with their network of administrative branches and sub-units are tasked with solid waste management in municipal areas. In other parts of the country the respective Township Development Committees under the Local Government, which manage municipal waste collection and disposal.

The wastes collected by respective City Committees are disposed of at dumping sites:

Landfill operation in Yangon and Mandalay⁷⁵

Dump site	Tons/day	Mode of dumping	Status of the site
YCDC – Yangon City Development Committee			
Hteinbin	1,080	Open dumping	Operating
Dawechaung	843	Open dumping	Operating
Shwe Pyithar	61	Open dumping	Operating
Mingaladon	43	Open dumping	Operating
Dala	33	Open dumping	Operating
Seikkyi Khanaungto	4	Open dumping	Operating
MCDC – Mandalay City Development Committee			
Kyarnigan (North)	450	Open dumping	Operating
Thaung-in Myount-in (South)	300	Open dumping	Operating
New Brewery Factory	142	Open dumping	Closed in 2009
New Kandawgyi Lake	80	Open dumping	Closed in 2009
New Zaungkalow pond	28	Open dumping	Closed in 2007
Corner of N/E Mandalay	450	Open dumping	Closed in 2013

Industrial waste

The Ministry of Industry is responsible for managing State-owned industries—18 industrial zones, 3 special economic zones—and coordinated with private industries. The Water and Air Pollution Control Plan was issued in 1995. However, all three major cities are faced with tremendous challenges with re-

Types of industrial waste generation in selected industries in Yangon

Type of factory	Total number	Types of solid wastes		
		Common types of generated solid waste from industrial process		Domestic solid waste from the industry
		Industrial processing waste	Packaging processing waste	
Clothing Apparel and wearing	10	Textile, A Piece of Leather, Woven, Wool, Carpet, Fiber, Slick, Leftover Cotton, Buttons, Zippers, Elastic Fastener, Hangers, Rubber	Scrap Mental, Metal, Wood, Plastic, Cardboard, Plastic Bags, Plastic string	Kitchen waste (food waste, plastic, paper, glass, metal can, sanitary napkins, tissue paper), Garden Waste
Construction Materials	4	Iron, Steel Scrap, Fly Ash, Wood pieces, Ferruginous Waste- Mill Scale, Flue dust sludge, Non-Ferruginous Waste - Broken Brick, Clay Brick, Acetylene plant Sludge, Stone, Ceramics, Rubber, Gypsum	Plastic bags, Rubber bags, String, Cardboard, Paperboard	Kitchen waste (food waste, plastic, paper, glass, metal can, sanitary napkins, tissue paper), Garden Waste
Electrical Goods	3	Aluminium Products, Wire, Unwanted electrical device, Lithium, Lead Containing Battery, Light Bulbs, Mercury Containing Device, Cathode Ray Tube	Cardboard, Paperboard, Plastic Bags, Corrugated Box	Kitchen waste (food waste, plastic, paper, glass, metal can, sanitary napkins, tissue paper), Garden Waste
Food and Beverages	56	Grain, Yeast, oils and grease; food preparation waste; uneaten food, leftover portions of meals, Leftover Fruits	Cardboard, Paperboard, Steel cans, Aluminium cans, Plastic bottles and Jars, Clear, Amber and Green Glass Jars and Bottles	Kitchen waste (food waste, plastic, paper, glass, metal can, sanitary napkins, tissue paper), Garden Waste

⁷⁵ YCDC/MCDC, 2016

gard to industrial waste. According to YCDC, approximately 150 tons of industrial waste is collected daily in the city.

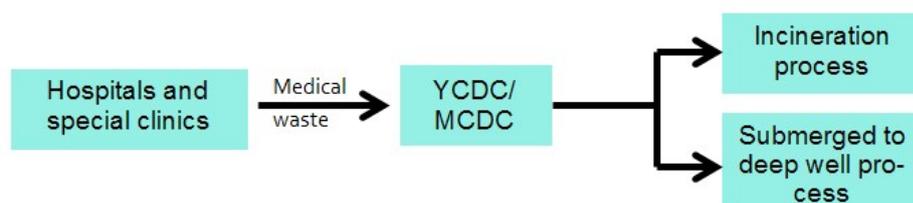

In Yangon, Dowa Eco-System Co Ltd, a subsidiary of DowaHoldings Co Ltd of Japan has established and begun operating Myanmar’s first controlled landfill facility at the Thilawa Special Economic Zone. This area is jointly developed by Myanmar and Japan, with the development of Phase 1 Area (211ha) completed in June 2015. It is planned this site will receive industrial waste not only from the Thilawa Special Economic Zone but across the country. In addition to tackling different discharge sources, and managing the controlled landfill, the new company will provide comprehensive waste management services to cover the collection, transportation, intermediate treatment and recycling of waste according to their different characteristics. In so doing, the company will work to address the waste management needs of different industries whilst helping to contribute to the sustainable industrial development of the country.

Medical waste

Overall, health-care waste management practices in Myanmar are substandard although there is basic awareness at each level about the importance of protecting health workers, visitors to health care facilities and communities living within the vicinity of health-care waste.

Flow of medical waste

Large hospitals:	Collected on a daily basis
Smaller facilities:	Collected once a week or on an on-call basis

Waste separation by colour-coded bags

1	1	2	Non-hazardous healthcare waste or domestic waste: uncontaminated with infectious or pathogenic agents (food residues, paper, cardboard and plastic wrapping)	Infectious waste: Incinerated or burned in cemeteries Sharp waste: Buried underground in landfills. Other waste: Treated as domestic waste.
			Pathological waste, infectious waste as well as items that have been used for medical care	
			Sharps, mainly, but not exclusively, auto-disable or disposal syringes with needles and pharmaceutical waste that consists of outdated drugs or expired unfinished medical solvents	

¹Blue or green bags are used by YCDC ²Black bags are used by MCDC

Country-wise		Infectious waste constitutes over 70%.
YCDC estimate:	779 tons per year	
MCDC estimate:	280 tons per year	

Paper waste

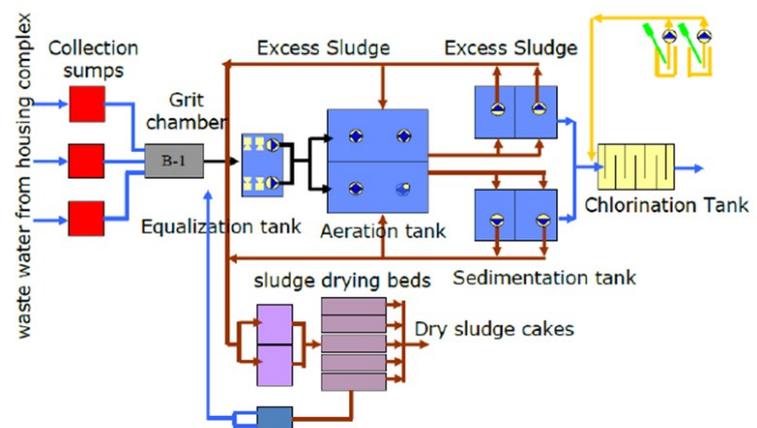

Paper waste including old newspapers, cardboards, clean paper and books is purchased by door-to-door buyers. The door-to-door buyers re-sell the waste paper to retail buyers. Retail buyers resell the waste paper to wholesale buyers. The wholesale buyers resell the paper waste to recycling factories.

Liquid waste (waste water and sanitation)

With the exception of central business districts, there is no conventional central wastewater and sewerage collection and treatment system in the three major cities—Yangon, Mandalay and NPT. Domestic wastewater is usually released into the stormwater drainage and natural waterways. In Yangon, only six areas of the city (7% of total population) were observed to manage wastewater and sewage wastes with connection to the treatment plant drainage facilities where by activated sludge is used as

Centralized waste water treatment plant in NPT

DESIGN CRITERIA	
Population:	10,000
Sewage volume:	1,600 m ³ /day
Outlet BOD:	20 mg/L
Daily BOD loading:	400 kg BOD/day

fertilizer and treated water is disposed to Yangon River. For the other part of the city, septic tank wastes are transported by vacuum trucks to the treatment pond. In Mandalay, septic tank sewage wastes are collected with a vacuum truck and disposed to Oxidation pond in the ground of Ayeyatonye cemetery, Kyar Ni Kan village, Patheingyi Township (old) and Patheingyi Township (new). The remaining sludge after evaporation is utilized as fertilizer. Further, all industries generating wastewater have constructed individual temporary treatment systems to connect and dispose liquid waste via a (10) 10-inch drainage pipeline which is subsequently connected to the Dohte Htawaddy River without any prior treatment. In Nayi Pyi Taw, there is a centralized wastewater and sewerage treatment facility which is connected to the premises in Wunna Theikdi Quarter comprising 110 units and a population of 10,000. The treatment plant makes use of an anaerobic microorganisms system and chlorination process before discharging treated water to the Bukwe Creek.

5.4 Gas

Myanma Oil and Gas Enterprise⁷⁶

Estimated cost for 1 mile of pipeline laying and materials

Exchange rate: 1 USD = 1200 MMK

No	Description (1 mile of pipe laying)	Pipe and materials cost (USD)	Pipe laying cost		Pipeline & materials trading company price (USD)	Crop compensations	
			MOGE Price			MMK	USD
			MMK	USD			
1	2	3	4		5	6	
1	8-inch-diameter pipeline	79,100	40,478,000	33,750	347,886	9,500,000	7,917
2	10-inch-diameter pipeline	143,900	46,738,300	38,950	434,858	9,500,000	7,917
3	14-inch-diameter pipeline	158,400	52,955,700	44,130	608,800	9,500,000	7,917
4	20-inch-diameter pipeline	419,200	64,426,000	53,690	869,715	9,500,000	7,917
5	24-inch-diameter pipeline	548,200	72,308,050	60,260	1,043,658	9,500,000	7,917
6	30-inch-diameter pipeline	613,000	83,778,000	69,815	1,304,573	9,500,000	7,917

No	Description (1 mile of pipe laying)	Total cost for MOGE (MMK)	Total cost for MOGE (USD)	Total cost for pipeline and materials trading company
1	2	7 (= 4 + 6)	8 (3 + 4 + 6)	9 (3 + 5 + 6)
1	8-inch-diameter pipeline	49,978,00	120,767	434,903
2	10-inch-diameter pipeline	56,238,300	190,767	586,675
3	14-inch-diameter pipeline	62,455,700	210,447	775,117
4	20-inch-diameter pipeline	73,926,000	480,807	1,296,832
5	24-inch-diameter pipeline	81,808,050	616,377	1,599,775
6	30-inch-diameter pipeline	93,278,000	690,732	1,925,490

Note: The above costs are estimated for 1 mile of pipe laying and materials. The actual costs may vary according to location, pipe size, compensation, time (quicker process), inspection and control system.

MOGE sells CNG to motor vehicles at MMK 273.25 per 1 kg. MOGE sells inland gas to business industries at MMK 6060.61 per 1,000 cubic feet.

⁷⁶ MOGE officials—U Tun Thwe, Director of Engineering Department, U Aung Min, Chief Engineer of Pipeline Department, U Maung Maung Khant, Director of Finance Department, U Than Sein, Director of Production Department

MOGE sells offshore gas from Shwe gas pipeline as follows:

Location	Price per 1,000 cubic feet (USD)
Kyauk Phyu	7.5806
Yenanchaung	8.3150
Taungtha	8.7253
Mandalay	9.0327

MOGE sells offshore gas from Zaw Ti Ka Gas Pipeline to Yangon Region as follows:

Customers	Price per 1,000 cubic feet (USD)
Private	4.3086
Joint-venture	4.7619

MOGE sells offshore gas from Yadana Gas Pipeline to Yangon Region as follows:

Customers	Price per 1,000 cubic feet (USD)
Private	4.8998

However, MOGE has not enough gas to supply for new industries.

Propane and butane gases⁷⁷

Propane and butane gases are sold from the MPE retail outlets in Ahlone, Dagon and Insein Townships of Yangon Region, Mandalay, Magway and Minbu. The two gases are sold out in 25 kg cylinder for home use and 50 kg cylinder for hotel use. MPE sells propane gas at MMK 1,200 per kg to hotel.

5.5 Fuel

Prices of petrochemical products⁷⁸

Sale system of petrochemical products

1. Petrol, diesel, aviation fuel and candle are sold out to Myanmar Petroleum Products Enterprise (MPPE) with transfer price.
2. Diesel, CGO and blue oil are sold out with floating price.
3. Slop oil, flushing oil, disqualified diesel, sugar cane wax are sold out with tender system.
4. Kerosene, CGO, blue oil and Turpentine are sold out to the related department.
5. Kerosene coal and oil dregs are sold out with open sale system.

Insurance services provided by IKBZ⁸⁵

LIFE ASSURANCE

Four kinds of life assurance

- Public Life Assurance
- Group Life Assurance
- Sportsman Life Assurance
- Snakebite Life Assurance

Public life assurance

Feature:

Public Life Assurance is to safeguard the interests of the insured person's loved ones in the events of death of himself or herself.

Requirements:

- Age: between 10 – 55 years
- Period of insurance: 5 years/10 years/15 years
- Minimum required period: 5 years
- Minimum insured amount: at least MMK 50,000
- Sum of insured amount: MMK 50,000 to MMK 30,000,000
- Short-term life assurance: 5 – 12 years
- Long-term life assurance: 13 years and above
- Accept this insurance with medical check-up from the clinic approved by the agency.
- The agency's rating table can be used to calculate the premium.
- The insured person can pay the premium once in every 3 months or 6 months or 1 year.

Benefits of life insurance:

- Loan
- Surrender value
- Period ending
- Death

Loan:

- When the premium is persistent, that is, when you pay the premium for 2 years continuously for short term life insurance, then you can get a loan with an interest of 6.25%.

Surrender value:

- When the insured person pays the premium continuously for 2 years for short-term life insurance and he does not want to keep going the policy or he has no more condition to keep paying the premium, then the policy will

⁸⁵ IKBZ Insurance Co Ltd (<http://i-kbz.com/insurance/60>)

come to an end and the agency will give back some amount of the premium he has put in with the calculation using the agency's rating table.

Period ending:

- When the policy ends, i.e. the insured period is over, the agency will give back the whole sum of insured amount as saving.

Death:

- If the insured person is dead, then the beneficiary will receive the insured amount.

Group life assurance

Feature:

It is a kind of insurance which can be kept by the owners, bosses, employers or managers of the companies or the business for their workers or employees and also can be kept by the willingness of workers to recover the damage or the accidents or the death.

Requirements:

- Age: between 18 – 60 years
- Minimum number of workers for assurance: 5
- Minimum required period: 5 years
- 18 to 45 years – accepted with free medical approval
- Over 45 years or sum insured is more than 1 million, accept with medical checkup.
- Sum insured can be at least MMK 10,000 to at most 5,000,000 for 1 labour.
- Premium: MMK 100 for MMK 10,000

Sportsman life assurance

Feature:

It is a kind of life assurance kept by sport men to recover the injuries or accidents while training, practicing or within competition.

Requirements:

- Age: between 10 – 60 years
- Kept by students and sportsmen
- Insured period: 1 year
- Sum insured: MMK 1 million (1 unit) to MMK 5 million (5 units)
- Premium: MMK 5,000 for MMK 1,000,000
- Accept with the exception of medical check-up

Snake bite life assurance

Feature:

It is a kind of life assurance to recover the injuries or deaths caused by a snake bite.

Requirements:

- No limitation of age for insurance
- Sum insured: MMK 500,000 (1 unit) to MMK 5,000,000 (10 units)
- Premium: MMK 500 for MMK 500,000
- Period of insurance: 1 year

HEALTH INSURANCE

Feature:

By keeping health insurance, the cost for taking treatment at a hospital as an in-patient can be saved to some extent.

Requirements:

- It is applicable to Myanmar citizens and expatriates officially residing in Myanmar. Parents or guardians can buy this insurance for their children from 6 to 18 years of age. Those—aged between 18 and 65—can buy this insurance for themselves.
- Premium: MMK 50,000 (1 unit)
- Maximum that can be bought: 5 units
- Period: 1 year
- Benefit: The person insured is entitled to MMK 15,000 per day for a maximum of 30 days if he/she is hospitalized (for one unit). In case of death from an accident, the benefit is MMK 1,000,000. In case of death from an accident while being hospitalized, the benefit including treatment costs is MMK 1,000,000. The amount of benefit depends on the number of units bought.

GENERAL INSURANCE

General insurance

- Fire and peril insurance
- Comprehensive motor insurance
- Cash insurance
 - Cash-in-safe insurance
 - Cash-in-transit insurance
 - Fidelity insurance
- Special travel insurance

Fire and allied perils insurance

Feature:

Life is full of unexpected events and not all of them are pleasant. Natural calamities such as an earthquake, avalanche, storm or fire can put human life and property at risk. The company offers the Standard Fire & allied Perils policy, which will support the person insured in such trying times. This insurance policy safeguards the client against the losses that can arise due to a fire and allied perils.

Properties that are covered

The policy covers the following assets based on an agreed value or the market value:

- Building (excluding the value of land)
- Plant and machineries, equipment & accessories
- Stocks (Raw, Finished or In-process Goods and Belongings of Retailer, Wholesaler and Manufacturer)

- Furniture, Fixtures and Fittings and Other Contents

Exception: Specific Items such as bullion, unset precious stones, curiosity and work of arts for an amount exceeding MMK 50,000, manuscripts, plans, drawings, securities, obligations or documents, stamps, coins or paper money, cheques, books of accounts, computer system records, etc ...

Perils covered

● **Basic covers**

This policy covers various immovable and movable assets mentioned above against loss or damage due to Fire, Lightning, and Explosion of home-used gas. Moreover, the following types of losses are covered by standard fire policy:

- Goods spoiled or property damaged by water or other used to extinguish the fire.
- Pulling down of adjacent premises by the fire brigade in order to prevent the progress of flame.
- Breakage of goods in the process of their removal from the building where fire is raging e.g. damage caused by throwing furniture out of window.

● **Add-on covers**

The client can choose to extend his/her insurance to cover other perils:

- Riot, Strikes and Malicious Damage (RSMD)
- Air Craft Damage
- Impact Damage
- Subsidence and Landslide
- Earth-quake fire and Earth-quake shock
- Explosion
- Spontaneous combustion
- Strom, Cyclone, Tempest, Typhoon, Tornado, Hurricane (SCTTTH)
- Flood and Inundation
- Burglary
- War Risk

Properties that are not covered

Exclusion: Loss of or damage to the property insured directly or indirectly caused by or in consequence of fire:

- Theft during or after the occurrence of a fire
- Pollution or contamination
- Ionizing radiations and contamination by radioactivity
- Fermentation, natural heating, spontaneous combustion, its undergoing heating, drying process
- The burning of property by order of any public authority and subterranean fire
- Nuclear weapons material
- Forests, bush, prairie, pampas or jungle and clearing of lands by fire
- Other exclusions as defined in the Policy

Who should take the policy?

Any person/firm/organization/institution who may suffer financial loss in the event of operation of insurable perils may insure such property under the fire policy. They may be broadly categorized as under:

- 1 Owners, joint owners
- 2 Bailees, lessor, lessee, banks, financial institutions, mortgagors, mortgagees, pawnee, pawn broker
- 3 Warehouse keepers, custodians
- 4 Official receiver or assignee in insolvency proceedings
- 5 A person in lawful possession (E.g. common carrier/transporter, wharfing, commission agent, etc ...)
- 6 Trustees, charitable institutions

Premium

Range of Premium Rate: Minimum – 0.13%; Maximum – 3.5%. The premium

will be charged depending on :

- The class of building
- The occupation of the building
- The adjoining building of the insured building
- The sum insured

No claim bonus

No claim bonus is a discount on the premium as a bonus for not making a claim against the policy during preceding year.

- The first year----- 0% (No NCB)
 - The second year ----- 25%
 - The third year ----- 25%
- (25% of no claim bonus is fixed throughout the policy terms.)

Payment method

- Premium can be settled by a lump sum payment.

Benefit

For total loss

- The insured can obtain compensation up to the amount of sum insured for total loss of or damage to the property insured.

For partial loss

- Compensation up to the actual loss of the property destroyed by fire or perils will be paid to the insured.

Changes

In case of a change to be made, the client is to inform the insurance office or agent if any change occurs during the terms of insurance policy, such as:

- Change of location of the insured property
- Change of ownership of the property insured
- Alternation of the value of the property insured
- Additional add on covers

How to insure?

For insuring any property under the fire insurance policy either manual or online, the steps to be done is as follows:

- 1 Filling of proposal form
- 2 Inspection of the property
- 3 Payment of premium
- 4 Issue of Cover note / Policy document in lieu of acceptance of the proposal

For seeking assistance, the client can contact IKBZ or its agents.

How to claim?

- Intimate such loss / damage immediately so that a Competent Surveyor may be deputed to minimize the loss. IKBZ office or IKBZ agent or the employee of the company will guide you the steps to be done for claims. You will usually be required to complete and return a claim form.
- Give an account of all properties damaged or destroyed with estimated amounts having regard to their values as on the date and place of loss.
- Cooperate with surveyors by providing all the necessary documents for assessment of loss and establishing liability.
- Cooperate with the insurer in all their activities of entering the premises, taking possession of properties, their examining, sorting, removing or selling to your account, without prejudice.
- Inform particulars of all other insurances existing on the property at the time of loss.

Comprehensive motor insurance

Feature:

With his/her motorcar insured, the client's vehicle is protected against any unforeseen circumstances. The client can be rest assured of hassle-free service and street-wise support, backed by authorized workshops and end-to-end automated process which ensures fast track claim settlement.

It helps protect the client, his/her staff, third party properties and his/her business motor assets (trucks, plants, and other vehicles). It can also help to protect the client in the event of a motor related lawsuit.

Vehicles that are covered

The Policy covers the following vehicles based on (a) the agreed value or (b) the market value:

(A) Motor vehicles

- 1 Private Car
- 2 Vehicle owned by Embassy, UN and its organizations
- 3 Commercial Vehicles
- 4 Hired Vehicles, Touring Vehicles
- 5 Goods Transport Vehicles
- 6 Bus, Coache or Taxi
- 7 Ambulance, Fire engine, Hearse and Vehicle owned by Religious organizations

- 2 Inspection of the vehicle
- 3 Payment of premium
- 4 Issue of Cover note / Policy document in lieu of acceptance of the proposal

For seeking assistance, the client can contact IKBZ or its agents.

How to claim?

- Intimate such loss / damage to us immediately so that a competent surveyor may be deputed to minimize the loss. The IKBZ staff will guide you the steps to be done for claims.
- In a claim for the accident due to your vehicle (including a third party claim and an own damage claim) and in a theft claim, report to the police.
- In a claim for the accident due to other vehicles (in a third party liability), must obtain the insurance details of that vehicle and then report it to the insurer of that vehicle.
- Cooperate with surveyors by providing all necessary documents for assessment of loss and establishing liability.
- Inform the particulars of all other insurances existing on the property at the time of loss.

Cash insurance

Cash-in-safe insurance

Feature:

The cash-in-safe insurance policies are very much helpful in such undesirable situations as burglary or theft. This policy indemnifies the client against loss of money whilst kept within the premises.

This policy covers cash, bank and currency note, coins, certified cheques, money orders, postage cheques, postal cheques, securities and postage stamps secured in a locked safe or vault/strong room in the premises of the insured.

Exclusion: Manuscripts, accounts or records

Periods covered

The following types of losses covered by this policy are:

- Burglary, robbery
- Any violent and forcible means

Major exclusions under this policy

- To any loss due to any fraudulent act by the insured or a partner or an employee (except such acts by a messenger or custodian) discovered within three working days after the occurrence and in case of dishonest act committed several times before discovery, the date of discovery is assumed to be the first day of occurrence.
- To any loss due to forgery, payment of money in any exchange or purchase or accounting or arithmetical errors or omissions.
- To any loss due to any loss insured by fidelity guarantee.
- To any loss due to war (whether war be declared or not), civil war , terrorism, strike , riots , civil commotion to a popular rising, rebellion, revolution, acquisition of property by order of public authority.
- To any loss due to nuclear weapons, radiation or contamination by radio activity from any nuclear fuel or from any nuclear waste from the combustions of nuclear fuel.
- Any loss or damage by fire however caused
- Other exclusions as defined in the policy

Who should take the policy?

Any person / firm / organization / institution who may suffer financial loss in the event of insurable perils may insure such cash-in-safe under the Policy. They may be broadly categorized as under:

- 1 Government agencies
- 2 Cooperative societies
- 3 Banks (private as well as state)
- 4 Private business people and private enterprises

Term of the insurance policy

- Cash-in-Safe insurance Policy is issued for one day or up to a year.

Premium

Range of Premium Rate: Minimum – 0.2%; Maximum – 1% on the sum insured.

The premium to be charged may vary depending on:

- Location of building where the money is kept
- Safety measures of the building
- Safety measures concerning the strong room / vault
- Closeness or nearness to security people
- Systematic controls in book-keeping and non-loss situations in the past

Payment method

- Premium can be settled by lump sum payment.

Benefit

The policy covers loss of money from within the locked safe or locked strong room due to burglary or robbery during working days or holidays will be compensated according to conditions under this Policy.

Changes

Please inform our office or agent if any change occurs during the terms of insurance policy, such as:

- Change in amount of sum insured
- Change in location of strong room / vault
- Change in name of custodian / vault keeper (probably changeable within a year)

How to insure?

For insuring any property under this insurance policy either manual or online, the steps to be followed are as follows:

- 1 Filling of proposal form
- 2 Inspection of the building / strong room / vault
- 3 Inspection of relevant documents of custodian
- 4 Payment of premium
- 5 Issue of cover note / policy document in lieu of acceptance of the proposal

How to claim?

- Intimate such loss immediately so that a competent surveyor may be deputed to minimize the loss. IKBZ office or IKBZ agent or the employee of the company will guide you the steps to be done for claims.
- Inform immediately to the police
- Cooperate with surveyors by providing all necessary documents for assessment of loss.
- Inform the particulars of all other existing insurances at the time of loss.

Cash-in-transit insurance

- state of siege
- Other exclusions as defined in the policy

Who should take the policy?

Any person / firm / organization / institution who may suffer financial loss in the event of insurable perils may insure such cash-in-transit under the Policy. They may be broadly categorized as under:

- Government agencies
- Cooperative societies
- Banks (private as well as state)
- Private business people and private enterprises

Term of the insurance policy

- Cash-in-transit insurance Policy is issued for one day or up to a year.

Premium

Range of Premium Rate: Minimum – 0.017%; Maximum – 0.09 % on the sum insured. The premium to be charged may vary depending on distance from Premises to destination. Discount rate can be enjoyed according to the followings:

- Accompaniment of guards in transit
- Usage of own vehicle in conveying
- Safety of safe-box (kept under lock-and-key or sealed)
- Using public route (must be secured and common)
- Location of destination (should be in major places)

Payment method

- Premium can be settled by lump sum payment.

Benefit

Any loss of money in transit between the insured's premises and bank or post office, or other specified places occasioned by Robbery or theft will be compensated according to conditions under this Policy.

Changes

To inform IKBZ or its agents in case of the need to make a change:

- Change in amount of sum insured
- Change in conveying vehicle
- Change in conveying route

How to insure?

For insuring any property under this insurance policy either manual or online, the steps to be followed are as follows:

- 1 Filling of proposal form
- 2 Inspection of the building/strong room/vault
- 3 Payment of premium
- 4 Issue of Cover note/ Policy document in lieu of acceptance of the proposal

How to claim?

- Intimate such loss immediately so that a competent surveyor may be deputed to minimize the loss. IKBZ office or IKBZ agent or the employee of the company will guide you the steps to be done for claims.
- Inform immediately to the police.
- Cooperate with surveyors by providing all necessary documents for assessment of loss.
- Inform the particulars of all other existing similar insurances at the time of loss.

Fidelity insurance

Feature:

Despite the best internal control measures in any corporate activity, mishaps like misappropriation and embezzlements by employees do take place. Fidelity Insurance Policy protects employers against such exposures.

This insurance is targeted to cover financial losses mentioned in the following by employees such as cashiers, finance or sales personnel and other such employees holding position or trust in your organization.

- 1 loss of money or money's worth which is confidently entrusted by business,
- 2 loss of money or money's worth accepted by employees in line of duty

The term "Money" shall be deemed to mean and to include cash and/or any other financial instrument that is easily convertible into cash.

Foreign currency shall be equivalent to local currency at the prevailing Central Bank Mean rate at the time of loss.

Exclusion: Manuscripts, accounts or records

Types of coverage

This policy provides coverage against any direct pecuniary loss sustained by the employer through the following acts committed by his employees in connection with their occupation and duties.

- Default, remissness
- Fraud, larceny
- Degeneration, dishonesty
- Negligence, embezzlement
- Forgery, fraudulent conversion

Major exclusions under this policy

Some of the major exclusions under the policy are:

- any fraudulent Claims,
- any loss due to war (whether war be declared or not), Civil war, terrorism, strike, riots, civil commotion to a popular rising, rebellion, revolution
- any loss due to acts of nature (flood, wind storm, earthquake, etc ...)
- other exclusions as defined in the Policy

Types of policies

The cover may be required in respect of a single employee or a group of employees. There are three types of Policies normally issued by the Insurer for this clause of business namely "Individual Policy", "Collective Policy" and "Position Policy".

- Individual Policy: This Policy covers and individual for a stated amount.
- Collective Policy: This Policy covers a group of employees. The Insured decides the amount of guarantee required for each individual according to his or her responsibility and position. A schedule is included in the Policy.
- Position Policy: This Policy covers the amount of sum insured specified against position irrespective of number of people working in the position. The policy schedule contains "Positions" rather than the names of individuals, with the sum insured specified for each position.

Who should take the policy?

Any person / firm / organization / institution who may suffer financial loss in the event of insurable perils may insure such Fidelity Insurance under the Policy.

	They may be broadly categorized as under:
	<ul style="list-style-type: none"> ▪ Government agencies ▪ Cooperative societies ▪ Banks (private as well as state) ▪ Private business people and private enterprises
Term of the insurance policy	
	<ul style="list-style-type: none"> ▪ Fidelity insurance Policy is issued for one day or up to a year.
Premium	
	Range of Premium Rate: Minimum – 1%; Maximum – 2% on the sum insured. The premium to be charged may vary depending on types of the following institution.
	<ul style="list-style-type: none"> ▪ 1.0% on sum insured for government enterprise and bank. ▪ 2.0% on sum insured for private owned enterprise and companies.

Sr	Description	USD per hour
1	Senior level for a consultant (Lawyer)	500 per hour

⁸⁸ Ma Khaing Zar, Translation Section, Ma Kyaw Ohnmar, Interpretation Section, Myanmar Translation Co Ltd

⁸⁹ U Set Paing, Founder of Myanmar Erin Group

⁹⁰ U Myint Lwin (Advocate and Trademarks Agent), U Myint Lwin Law Office

2	Junior level for a consultant	(Lawyer)	300 per hour
3	Senior level for a consultant	(non-lawyer)	200 per hour
4	Junior level for a consultant	(non-lawyer)	100 per hour

Financial and legal counselling⁹¹

Sr	Description	USD per hour
1	Tax consulting, financial and legal consulting services	200 per hour
2	Business registration and incorporation service	3,000 per hour

Investors need to pay for the other related costs for business registration and incorporation.

6.3 ENGINEERING SERVICES

6.3.1 Environment (EIA/SIA)⁹²

A business company, be it local and foreign, has to contact a research agency in Myanmar to do environmental impact assessment (EIA) or initial environmental examination (IEE) or environmental management plan (EMP).

The investor has to ask two questions first:

- 1 Is the project (construction of buildings or doing operations, eg mining) he/she plans to undertake needed to have Environmental Impact Assessment conducted?
- 2 If yes, what level of assessment should be conducted of the two levels—(1) EIA/SIA or (2) IEE?

To be able to acquire answers to these questions, the business person can visit the ECD website (www.ecd.gov.mm) or contact direct to it. After getting a decisive answer as to the level of assessment to be conducted, the businessman is to acquire services from one of the research agencies in Myanmar. According to the Ministry of Natural Resources and Environmental Conservation (MNREC), as of July 25, 2016, there are 42 agencies and 117 individuals that have submitted application forms to ECD and the department is now planning to issue registration license. ECD accepted project proposals for EIA at Nay Pyi Taw from October 2011 to December 2015. Starting from December 2015, ECD has sent its two representatives to MIC to serve as One Stop Service (OSS). These representatives attend Project Assessment Team Meeting with other ministries concerned.

The research agency has to follow guidelines in the EIA Procedures issued by MNREC in its Notification No 616/2015, dated December 29, 2015. The key government entity is the Environmental Conservation Department (ECD) under MNREC.

Difference between EIA/SIA and IEE⁹³

There are specifications set by ECD to differentiate between IEE and EIA/SIA. The following

Criteria for IEE Type Economic Activities	Criteria for EIA Type Economic Activities
Installed capacity \geq 1 MW but $<$ 15 MW and Reservoir volume (full supply level) $<$ 20,000,000 m ³ and Reservoir area (full supply level) $<$ 400 ha	Installed capacity \geq 15 MW or Reservoir volume (full supply level) \geq 20,000,000 m ³ or Reservoir area (full supply level) \geq 400 ha

counting,

is a size specification in hydro-electric power project that enables determination of IEE or EIA. In other words, IEE type business has lesser environmental impacts than EIA type.

Rules for EIA related services are:

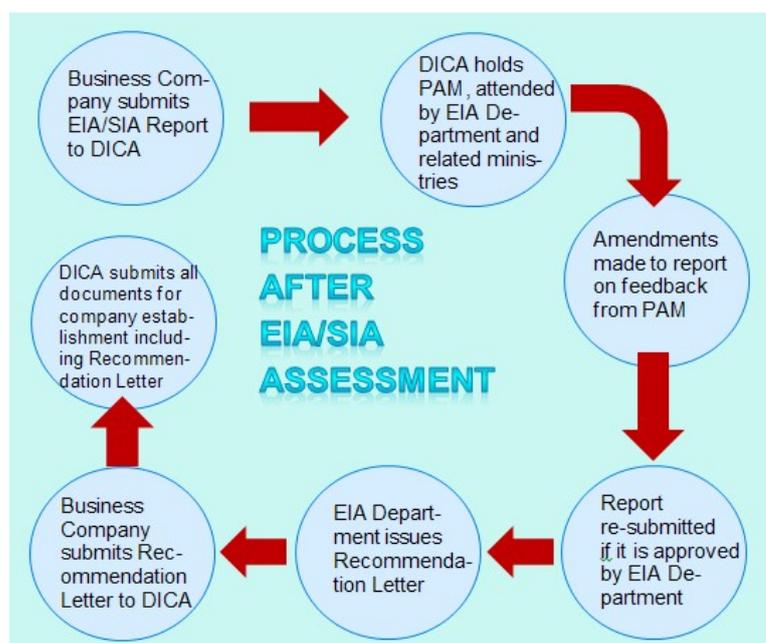

1. IEE and EMP services can be done by professional staffs of the company, the Environmental specialist who has close relation with the company and other specialists from outside of company.
2. EIA can only be done by Third Party—Research Agencies

Regarding EIA license, the department is planning to issue license for the agencies and individuals who are currently providing EIA services. But, it may take time. Currently, the department is preparing to issue transitional certificates for agencies and individuals.

Steps to be taken before conducting an EIA

Process before EIA/SIA assessment

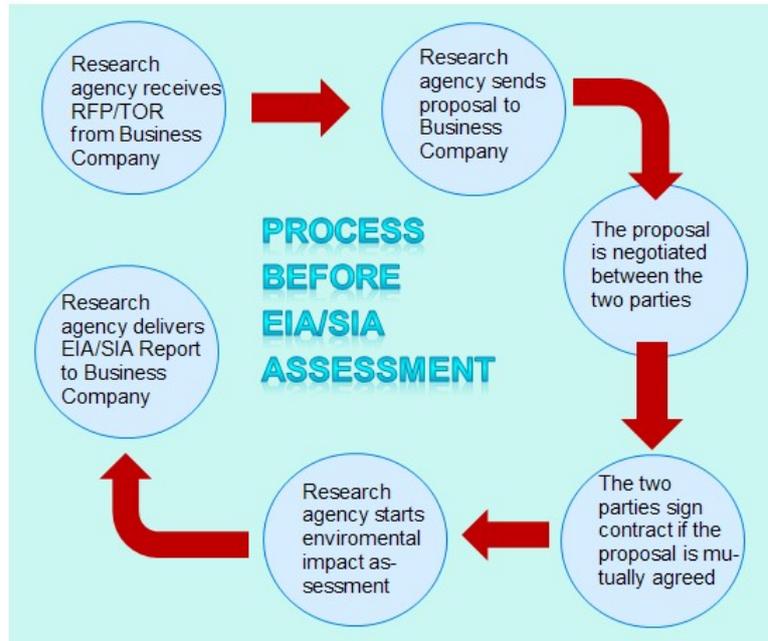

- 1 The research agency can be selected on a tender basis or on negotiation basis.
- 2 Whether it is the invitation of tenders from multiple research agencies or the request for a proposal from a particular research agency, the following data and information are to be mentioned.
 - Project objectives
 - Project background
 - Project description
 - Project size and cost
 - Project site (with site map – coordinates)
 - Project plan
 - Project owner (project proponent)
- 3 Upon receiving terms of reference (specifications of data and information and other requirements), the research agency submits a proposal in which it mentions the research objective, scope of work, research methodology, timeline and payment and terms.
- 4 The businessman assesses and selects a research agency (if it is on a tender basis) and sends feedback to the research agency. Negotiations have to be held on the contents in the proposal before entering into a contract on conducting the EIA/SIA.
- 5 If all the contents in the proposal are mutually agreed, a contract is made between the two parties and assessment work starts.
- 6 Upon receiving the final assessment report from the research agency, the businessman has to give feedback on the report. If the report is approved by the businessman, it is submitted to the Directorate of Investment and Company

Administration under the Ministry of Planning and Finance.

Process on completion of the EIA/SIA Report

- 1 EIA/SIA Final Report is to be submitted to DICA under the Ministry of Planning and Finance.
- 2 DICA convenes a proposal assessment meeting, participated by the Ministries concerned including ECD under the Ministry of Natural Resources and Environmental Conservation
- 3 If the meeting deems that the report is still not perfect, ECD asks the research agency to make amendments to the report through the company which has submitted the application for establishing a company.
- 4 If the report is accepted by ECD, it issues a recommendation letter to the applicant company.
- 5 The company then submits the recommendation letter to DICA which checks all the necessary documents submitted by the applicant and forwards them to MIC.
- 6 It takes around 90 days from the submission of the Final Report to the DICA's submission of necessary documents to MIC.

Costs for conducting EIA/SIA

The amount of the fee charged by a research agency depends on:

- **Travelling:** The distance between Yangon (the location of research agency) and the project site
- **The extent of work:** Depending on the kind of industry, the research agency needs to acquire the input of an expert or experts on the related field (eg hydro power generation, chemicals, mining etc) to be able to assess the impacts during the implementation period and the operation period, and formulate Environmental Management Plan (EMP) to alleviate the impacts.
- **Lab tests:** Services for measuring soil quality, water quality and air quality before the implementation period. Prices differ according to the number of samples and the frequency of taking samples – open season, rainy season, cool season.

The tasks of a research agency

- 1 Literature review/secondary data collection
- 2 Travelling between Yangon and destination city and within destination city. The frequency of travelling to the site can be one to three – four.
- 3 Observation of the site according to criteria – flora and fauna, landscape change, etc

- 4 Study of the industry to ascertain the possible impacts (with the aid of an expert/engineer)
- 5 Taking samples of soil, water and air for lab tests
- 6 Interviews with neighbours—families, monasteries, associations, etc
- 7 Interviews with key informants—local administrator, school head, health-care person, midwife, etc
- 8 Public Consultation Meeting (PCM)—attended by local authorities, departmental officials and local elders, etc.
- 9 Compiling the report

Depending on the level of assessment and the size of the project, research fees range from minimum **USD 20,000 or less** to maximum **USD 100,000 or more**. The items for which the fees are charged vary and depend on the individual research agencies. Hence, the fees cannot be mentioned accurately.

ECD does not fix the costs for conducting environmental impact assessment (EIA) or initial environmental examination (IEE) or environmental management programme (EMP).

The following is a sample breakdown of the service fee charged by a research agency.

Sr	Description	Fee in USD
1	Literature review/secondary data collection	—
2	Travel cost (one time)	200 – 500
3	Observation of the site	—
4	Engagement of an expert/engineer	500 – 1,000
5	(a) Lab test – soil (nutrient) (per sample)	50 – 100
	(b) Lab test – soil (heavy metal) (per sample)	50 – 100
	(c) Lab test – water (per sample)	150 – 200
	(d) Lab test – air (24 hours)	800 – 1,000
6	Interviews with neighbours	—
7	Interviews with key informants	—
8	Public consultation meeting	—
9	Data analysis and compilation of the report	1,500 – 10,000

NOTES:

- 1 The amount of the fee for secondary data depends on the research agency.
- 2 Travelling can be more than one time.
- 3 The amount of the fee for observation of the site depends on the research agency. In observing the site, sometimes zoologists and botanists may have to be engaged.
- 4 The amount of the honorarium for the expert depends on the workload.
- 5 Samples can be more than one.
- 6 The amount of the fee for interviewing neighbours depends on the research agency.
- 7 The amount of the fee for interviewing key informants depends on the research agency.
- 8 The amount of the fee for holding the PCM depends on the research agency.
- 9 The amount of the fee for report compilation depends on the industry.

Assuming that the total cost of all the fees is USD 50,000, there will be a research agency fee, a percentage calculated on the total and commercial tax 5%, calculated on the sum of the total fee plus agency fee.

The total of all fees ►	50,000
● Agency fee (10%)	5,000
● Commercial tax (5%) on the sum of the total & agency fee	2,750
Grand total ►	57,750

(In words: Fifty-seven thousand, seven hundred and fifty United States dollars only)

6.3.2 Inspection of building⁹⁴

Inspection of new buildings is conducted by Yangon City Development Committee and two committees as mentioned below:

Inspection	carried out by:
1 to 8½ storeys	YCDC
9 to 12 ½ storeys	High-rise Building Inspection Committee
13 storeys and above	Committee for Quality Control of High-rise Building Construction Projects

Required documents for Building Completion Certificate (BCC)

Under 3 ½ storeyed	If above 4 storeyed (Additional)

6.3.3 Inspection of fire prevention⁹⁵

Requirements for construction of high-rise buildings

- 1 If a private individual or a construction businessman plans to construct a high-rise building, he has to obtain the paper on “Fire safety inspection and advice” from the Fire Services Department (FSD).
- 2 If asked, the FSD will issue the Form for Fire Safety Inspection and Advice.
- 3 The applicant is to prepare a Case File with the file cover with the application form issued by the FSD, together with the following documents, and submit it to the FSD.
 - (A) A copy of the blueprint of the building to be constructed and the following are to be included in the form.
 - (1) The map indicating the location of the building to be constructed (layout plan)
 - (2) The aerial view of the building
 - (3) The front view of the building
 - (4) The back view of the building
 - (5) The right side view of the building
 - (6) The left side view of the building
 - (7) The image showing the height and floors of the building
 - (8) The image showing the main staircases
 - (9) The image showing the main door and windows and their measurements
 - (10) The image showing emergency fire staircase
 - (11) The image showing the plan for installation of fire security systems
 - (B) A copy of the National Registration Card of the applicant or the proxy (representative)
 - (C) A copy of the map and land history
 - (D) General Power if the person is representative
- 4 Having the applicant do a presentation for obtaining the fire safety inspection and advice document for the construction of a building, 8 floors and above, whether payment has been made to the government or not.
- 5 If the presentation is qualified, payment has to be made to the government and the Advice Letter is issued to the applicant.
- 6 On completion of the building, the applicant has to submit an already formatted application to the FSD so that SFD can inspect the building on site and issue the Fire Safety Certificate.
- 7 Fire Safety Certificate is issued to the applicant whose building is in conformity with the document on fire safety inspection and advice.

⁹⁵ Daw Thein Kyi, Assistant Director, Fire Services Department, Head Office, Yangon

Service fees for fire safety inspection

The fees for fire safety inspection have been fixed for both foreign and domestic investors with effect from June 1, 2014:

Group	Sr	State/Region	Unit	Downtown wards	Outside downtown areas
				MMK	
Group 1	1	NPT Council Region	Per sq-meter	1,000	500
	2	Yangon Region			
	3	Mandalay Region			
Group 2	1	Sagaing Region	Per sq-meter	500	200

Buildings on which 100% fee will be collected

Economic buildings:	Offices where records and statistics are kept
	Buildings where vocational or services industries are carried out
	Examples: Ban, hospitals, clinics, aviation control towers, universities and colleges, post offices, printing presses, motorcar showrooms, etc
Mechanical and handicraft buildings:	Buildings where goods are assembled or detached, manufactured, finished, invented, packaged and repaired
	Examples: Factories where vehicles of all kinds are manufactured, foodstuff factories, electronics factories, mining, etc
Buildings prone to danger:	Buildings where goods physically and mentally detrimental are stored, manufactured and used.
	Examples: Storage of firecrackers, storage of chemicals which are explosive, etc
Commercial buildings:	Buildings where exhibitions are held, goods are traded and goods for sale are stored.
	Examples: Department stores, markets, showrooms, retail/wholesale shops, etc
Buildings where many people stay:	Buildings where people stay with the purpose of sleeping in.
	Examples: Recreation centres, hotels, motels, apartments, monasteries, nunneries, dormitories and residential buildings
Buildings where goods are stored (Warehouses)	Buildings where goods for business use, not dangerous goods, are stored
	Examples: Hangars, furniture warehouses, automobile services, car parking lots, etc

Buildings on which 50% fee will be collected

Buildings where many people are gathered for the purpose of serving as a place for rest and recreation, enjoying foods, travellers' waiting place and social and religious matters. **Examples:** Cinemas, music halls, reception halls, restaurants, dancing theatres, amusement parks, stadiums, parking place for transportation vehicles

Buildings on which 25% fee will be collected

Educational buildings:	Buildings where six or more students can be accommodated for the purpose of educational teaching and less than 100 persons can be accommodated for religious teaching and where there can be nurturing, caring and supervisions are undertaken. Also included are buildings where more than 5 children of older than 2.5 years of age can be taught, cared for and supervised.	
	Examples:	—
Buildings for training and caring for:	Buildings for training and caring for are those where medical treatment is given to persons with physical limitations such as health or age; people are arrested and detained for their sentences; and the freedom of residents are confined.	
	Examples:	Training schools, rehabilitation centres, centres for caring for people
Buildings for general purposes:	Buildings are those which are not accurately categorized for the use as residence	
	Examples:	Buildings for livestock breeding, personal car garages, storage tan, towers, green houses, etc

Department of Industrial Supervision and Inspection (DISI) under the Ministry of Industry has four main responsibilities:

- 1 Industrial registration
- 2 Boiler inspection
- 3 Electricity inspection
- 4 SME development

6.3.4 Industrial registration⁹⁶

Documents needed for industrial registration

- 1 MIC Permit
- 2 Licenses from Ministries concerned
- 3 EIA, SIA Report
- 4 Factory Design
- 5 Installed machine design
- 6 Production technology
- 7 Environmental protection plan
- 8 Product quality
- 9 Quality of raw material
- 10 Sewage system
- 11 No of products
- 12 Marketing plan
- 13 Human resources (Foreign and local)

⁹⁶ U Soe Moe Kyaw, Deputy DG, Department of Industrial Supervision and Inspection (DISI), Ministry of Industry

According to Private Industrial Law 1990, there are three types—large, medium, and small industries. The sizes of private industries are categorized as follows:

Sr	Size	No of employees	Power (HP)	Capital outlay (MMK in millions)	Production value(MMK in millions)
1	Small	≤ 50	≤ 25	≤ 1	≤ 2.5
2	Medium	> 50 to ≤100	> 25 to ≤ 50	> 1 to ≤5	> 2.5 to ≤ 10
3	Large	> 100	> 50	> 5	> 10

Cost for industrial registration

Costs for registration of the above industries are:

Categories	Industry		
	Large	Medium	Small
Registration	50,000	25,000	12,000
Extension	40,000	20,000	10,000
Changes	50,000	25,000	12,000
Penalty	20,000	10,000	5,000

6.3.5 Inspection of electricity⁹⁷

Electrical Inspection Department is responsible for electricity inspection, escalator and elevator inspection, and inspection of electrical devices, inspection of substation and electrician training.

Cost for inspection of electricity

According to the government official interviewed, the inspectors charge MMK 500 for every point to which the tester is put.

Documents needed for electricity inspection

- 1 Company or corporate name
- 2 Location for electricity installation

General costs for electricity inspection of building vary according to usage of electricity by the devices, size, area and number of storeys of the building. The average costs for 2-storey building is round about **MMK 30,000**—which means they put the tester to 60 points (60 x MMK 500 = MMK 30,000)

Costs for electricity inspection of factory vary according to the usage of electricity by the machines installed, size and area of the factory. The average costs for a factory is between **MMK 50,000 – MMK 100,000**.

Procedure electricity installation⁹⁸

- 1 The person who wishes to install electricity is to submit the application to the MEPE⁹⁹ Township Manager, according to the transformer capacity, together with other documents—evidence of ownership, National Registration Card, the registra-

⁹⁷ U Khin Shwe, Director of Electrical Inspection Department, Ministry of Industry

⁹⁸ Interview with Yangon Electricity Supply Corporation (YESC)

⁹⁹ Myanmar Electric Power Enterprise

tion of household members, the list of loads, the guarantee about the transformer, etc.

- 2 The Township Manager Office has to prepare complete set of case documents including the facts such as branch power station or feeder which will supply electricity, the strength of loads of 11/6.6 kV feeder, conductor size, CT ratio, technical data, location map (GPS point), etc and submit the case to the District MEPE Office.
- 3 The District Office scrutinizes the documents and submit them to the Technology Committee meeting of the YESC.
- 4 The Technology Committee meeting checks the balance of the electricity supplied and the loads and the feasibility of connecting power and makes decisions.
- 5 The Committee meeting permits supply of electricity if the transformer, under 1,000 kVA, can handle the loads. The cases above 1,000 kVA are to be submitted to the Management Committee Meeting, and then to Business-related Management Committee of the Ministry of Electricity and Energy, which makes the final decision for permits.
- 6 After receiving permit, the applicant has to proceed with the transformer installation for which he has to pay infrastructure/administration fee, supervision fee, meter deposits, etc.
- 7 After the installation of transformer, the applicant has to ask for the CT Meter to be used with the transformer, by applying to Material Planning Department of the YESC (Head Office) through the Township and District Offices.
- 8 The Township Office Manager has to inform the Electricity Inspection (EI) Department of the Ministry of Industry after the transformer and CT meter installation. After the EI, the EI Department issues a certificate after necessary changes in the installation, if any.
- 9 For transformers under 1,000 kVA, for which LT meter has been installed, EI conducted and necessary fees paid, the respective Township/District Office starts to distribute power.
- 10 In the case of the above-1,000-kVA transformer, to be used with HT meter, specifications of HT meter, PT and CT are to be submitted to the YESC (Head Office). The devices have to be sent to the Electricity Test and Inspection Department (Test Lab). If the Test Lab approves them, the applicant has to proceed with the installation of HT meter, conducting EI and paying in necessary fees. Afterwards, he has to apply to the YESC (Head Office), through the Township/District Office, for electricity distribution. After obtaining approval from the Management Committee meeting of the YESC has approved, permits for electricity distribution and meter use.

6.3.6 Inspection of escalator and elevator

Documents needed for escalator inspection

- 1 Licenses from related City Development Committee
- 2 Location map of escalator in the building
- 3 Drawing form
- 4 Structure recommendation
- 5 Specifications of escalator
- 6 Quality certificate of engineers who is the focal person for escalator installation
- 7 European standard certificate of steel wire

Documents needed for elevator inspection

- 1 Licenses from related City Development Committee
- 2 Location map of elevator in the building
- 3 Drawing form
- 4 Recommendation for the foundation and structure of elevator
- 5 Specifications of elevator

- 6 Quality certificate of elevator
- 7 Quality certificate of engineers who is the focal person for escalator installation
- 8 European standard certificate of steel wire

Cost for inspection of elevator and escalator

Category	Cost (MMK)
Passenger	30,500
Cargo	90,500
Commercial	40,500

6.3.7 Inspection of boiler

Boiler Inspection Department is responsible for registration and inspection of boilers.

Cost for inspection of boiler

The investors need to register new boiler at boiler inspection department. The department then issues a 1-year license and does the inspection services. The documents needed and fees for boiler inspection are as follows:

Documents needed for boiler registration

- 1 Inspecting authority's certificates of inspection during construction
- 2 Constructor's certificates of Manufacture and Test
- 3 Material certificates (Chemical & Physical properties)
- 4 Detail drawing of new boiler
- 5 Radiographic examination results for welded seams
- 6 Heat treatment test results
- 7 Maker's stamp (Name Plate)
- 8 Plan of boiler and steam pipe

Sr	Surface area (square meter)	Registration fees	Annual fees
1	Up to 5	30,000	20,000
2	5 to 10	40,000	30,000
3	10 to 30	50,000	40,000
4	30 to 50	60,000	50,000
5	50 to 70	70,000	60,000
6	70 to 90	80,000	70,000
7	90 to 110	100,000	80,000
8	110 to 200	120,000	100,000
9	Over 200	150,000	150,000

6.3.8 Registration of small and medium enterprises

The costs for SME registration is not fixed yet. However, the department will charge for SME registration round about MMK 20,000.

Visit <http://www.mip.gov.mm> for details.

Permission of entry into and departure from Myanmar-Thai border gates

Under the agreement between the Union of Myanmar Government and the Government of the Kingdom of Thailand, the following border entrances / exits have been designated as international entrances / exits with effect from 0800 hours on the 28th August 2013 (Wednesday), and those Myanmar and Thai citizens as well as Third country citizens holding valid passport with visa will be permitted to enter and depart from Myanmar:

- (a) Tachilek – Maisai
- (b) Myawaddy – Mesok

- (c) Htee Kee – Phunaron
- (d) Kawthoung – Ranong

- Those who enter/ depart from the aforesaid International entrance/ exits will be permitted to enter/depart from any International entrance / exits of Myanmar; Nay Pyi Taw International Airport, Yangon International Airport, Mandalay International Airport, Tachilek, Myawaddy, Htee Kee and Kawthoung.
- Regarding the permit of stay, extension of stay and the visa fees, the rules and regulation are the same as before depending on the type of visa for which application has been made to be able to enter Myanmar.
- Under the current circumstances, Visa On Arrival is not issued yet at the international entrances/ exits as mentioned in the paragraph (1).
- The Visitors are permitted to travel everywhere except the restricted areas designated by the Ministry of Home Affair in its Notification 77/2013 issued on 15-1-2013 (The list of restricted areas is available at border entrances / exits)

6.5 EXPATRIATE’S LIVING COSTS

The following estimation of the cost of living for expatriate families in Yangon has been calculated, based on the commodity prices prevailing at the time of compiling the Salary Survey Report 2016 (MSR).

Cost of living for an expatriate family in Yangon — as of 2016¹⁰⁷

Sample calculation: 3 household members (husband, wife and one child)

The husband works for an INGO as a director. The wife works part-time as a teacher at an international school. The child is a 10-year-old schoolboy. The family lives in a rented house in Golden Valley (Shwetaunggyar Ward in Bahan Township), Yangon.

The monthly cost of living for this expat family is estimated as follows:

Sr	Particulars	Monthly cost (USD)	
		2015	2016
1	Foods	700	850
2	Accommodation	4,500	4,900
3	Child’s education	1,200	1,300
4	General costs	1,100	1,350
Total monthly cost ▶		7,500	8,400

Cost of living for an individual expatriate in Yangon— as of 2016¹⁰⁸

Sample calculation: 3 household members (husband, wife and one child)

The expatriate works for an INGO as a Programme Manager. He lives in a rented apartment in Yangon.

The monthly cost of living for this individual expat is estimated as follows:

¹⁰⁷ Salary Survey Report 2016, Myanmar Survey Research
¹⁰⁸ Ibid

Sr	Particulars	Monthly cost (USD)	
		2015	2016
1	Foods	300	420
2	Accommodations	1,500	1,650
3	General costs	1,500	1,600
Total monthly cost ►		3,300	3,670

7.1 OVERALL PROCEDURES FOR COMMENCEMENT OF COMMERCIAL OPERATION OF THE BUSINESS BY THE INVESTOR IN THILAWA

1 Reservation Agreement

Investor shall be required to conclude reservation agreement with Myanmar Japan Thilawa Development Co Ltd (MJTD) before submitting an investment application (Form 1) to the Thilawa SEZ Management Committee (TSMC). The authority in charge for this reservation agreement is MJTD.

2 Investment Approval

Investor is recommended to consult with TSMC (Represented by DICA Section of One Stop Service Center of Thilawa SEZ – OSSC) on the proposed business plan prior to the submission of FORM-1. Investor can submit Form 1 to TSMC for pre-consultation by on-line as well. TSMC shall receive Form 1 officially with the application fee of MMK 1.5 million (plus commercial tax of MMK 75 thousand) when DICA Section of OSSC finds the descriptions of Form 1 are proper and complete. TSMC shall issue investment approval FORM-2 or notify rejection to investor within 30 working days. The authority in charge for investment approval is DICA Section of OSSC.

3 Company Registration

Investor planning to locate in the Thilawa SEZ needs to incorporate to a new company at DICA Section of OSSC. Even though such Investor has an existing company incorporated at DICA Head office, incorporation of the new company at Thilawa SEZ is necessary because tax exemption, relief, other incentives and privileges of the company located in the Thilawa SEZ are differed. The application for the new company incorporation can be submitted online or delivered to OSSC upon with the application for investment approval. The registration can be done in 1 day after obtaining investment approval. Businesses planning to locate in Thilawa SEZ such as a branch or an office of a bank, insurance company or any type of company, a shop, a restaurant, etc, which is not under Myanmar Special Economic Zone Law, is not necessary to incorporate a new company.

10 VISA/ Stay Permit

Investor shall apply for i) Stay Permit, ii) Foreign Registration Certificate, and iii) Multiple Journey Special Re-entry VISA (MJSRV) or Single Re-entry VISA (SRV) through Front Office of OSSC after completion of company registration. If application is done before noon time, each procedure will be completed in the same day, while if application is done after noon time, procedure will be completed next day. Investor shall only need to wait at Thilawa SEZ, OSSC (Immigration Section). The fees are as of in the section 6.4.3, Visa. Entry VISA related to foreign business persons is summarized as follows.

Foreign employees for short stay (less than 90 days)

Business VISA:	This visa is given to applicants from business organizations which have business establishments in Myanmar or an applicant who intends to establish business in Myanmar. The visa is valid for three months from the date of issue with 70 days stay. The Business Visa is also issued to the foreign employees and their family members.
VISA on Arrival	VISA on Arrival is issued at the Myanmar International Airport, to those residing abroad where there are no Myanmar embassies, or to those who have had no time to obtain an Entry Visa at the Myanmar embassies.

Foreign employees for long stay (more than 90 days)

Stay Permit:	Stay Permit is given to a foreigner who is planning to stay in Myanmar more than 90 days. The applicant shall apply stay permit after entering to Myanmar by Business VISA allowed to stay 70 days. Stay Permit can be extended.
Re-Entry VISA	If a foreigner is obliged to leave for foreign countries on official or personal business during the period of permitted stay, the foreigner shall apply Re-Entry VISA. There are two types of Re-Entry VISA, i.e., Multiple Journey Special Re-Entry VISA (MJSRV) which allows multi entries and Single Re-Entry VISA (SRV) which allows only single entry.

11 Foreign Worker/ Local Worker Registration

Labor Section of OSSC shall provide Foreign Worker/ Local Worker Employment Registration Card in either same day (if application is completed before noon time) or next day (if application is completed after noon time). The authority in charge for this registration is OSSC (Labour Section). There is no related cost for this registration.

12 Registration of Contractor

Investor shall register its Contractor by submitting Contractor Registration Forms prior to commence the construction work to the Construction Section of OSSC through Front Office of OSSC. Construction Section of OSSC stamps "RECEIVED" on the Registration Form and returns the Form to Investor through Front Office of OSSC. The authority in charge for this registration is OSSC (Construction Section). There is no related cost for this registration.

13 Registration of Construction Materials to be imported

Investor shall submit Master List to TSMC through Front Office of OSSC. TSMC shall provide the approval letter of duty free importation of the construction materials mentioned in the Master List. TSMC will send a copy of approved Master List to the Customs Section of OSSC. Investor does not need to apply import license. The authority in charge for this registration is TSMC. There is no related cost for this registration.

14 Approval of Starting Construction

Investor shall submit Application Form with required documents such as the copies of Building Permit, Fire Safety Certificate and ECPP to MJTD for starting construction works.

MJTD shall provide Approval Letter to Investor within five days after confirming the consistency of the Application Form to its internal rules and regulations. The authority in charge for this approval is MJTD. There is no related cost for this approval.

15 Project Information Sheet

Investor shall submit Project Information Sheet with other required documents including the Approval Letter for Start of Construction by MJTD to Construction Section of OSSC through Front Office of OSSC within seven (7) days after commencement of construction. The authority in charge for this section is OSSC (Construction Section). There is no related cost in this section.

16 Inspection related to Building Work and Fire Protection System

After the commencement of construction of building (factory), Investor shall undertake Intermediate Inspection at the stages of i) Foundation Work, ii) Structure Framing Work, and iii) Roofing Work, respectively, in accordance with the proposed timing mentioned in Project Information Sheet. Investor shall submit the application form to the Construction Section of OSSC through Front Office of OSSC at least seven days prior to the scheduled inspection date. Investor shall also undertake Final Inspection at the timing of completion of construction. Application form shall be submitted to the Construction Section of OSSC through Front Office of OSSC at least seven (7) days prior to the scheduled inspection date. The authority in charge for this inspection is OSSC (Construction Section). There is no related cost for this inspection.

17 Environmental Inspection

Environmental Inspection shall be done principally 4 months after the commencement of construction. The second inspection shall be done before the commencement of commercial operation. In parallel with the inspection, Investor shall prepare and submit the Monitoring Report to the TSMC. The authority in charge for this inspection is TSMC (Environmental section of OSSC). There is no related for this inspection.

18 Inspection related to Factory Equipment and Facilities

Investor shall undertake Electricity Inspection and Boiler Inspection, respectively, prior to connection of Infrastructure Utility by MJTD. For Electricity Inspection, Investor shall firstly submit Application Form to MJTD for obtaining design approval of power system. MJTD shall provide an Approval Letter for Electrical Design to Investor within 10 days. Subsequently, Investor shall submit Electricity Installation Plan with the Approval Letter by MJTD to Industry Section of OSSC through Front Office of OSSC. Investor shall undertake an Electricity Inspection by Industry Section of OSSC and MJTD. When the

Electricity Inspection is completed and no defect is found, Industry Section of OSSC shall provide Electricity Certificate to Investor and its copy to MJTD. Investor shall obtain Boiler Certificate from Industry Section of OSSC in the same procedure of the above mentioned Electricity Certificate without involvement of MJTD. The authority in charge for this section is OSSC (Industry Section) and MJTD. The related costs for this inspection are as of the section 6.3.4, 6.3.5, 6.3.6, 6.3.7 in the report. In addition, the investor needs to pay MMK 220,000 per one time inspection for transportation and administration.

19 Connection of Infrastructure

After the completion of Electricity Installation Work, Investor shall submit an Application Letter to MJTD for power energization. Same procedure shall be taken for Telecommunication, Water, and Sewage system installation works and connection to MJTD common system. The authority for this section is MJTD and the followings are the related costs for installing these utilities:

1) Water Supply

a. Water Connection Charge

Peak Water Demand (cu.m/ha/24 hours)	Charge (net of any tax) (In USD)
0-60	10,000
Over 60 to 120	50,000
Over 120 to 180	100,000
Over 180	To be discussed

- Note:
- Cost for installation of new pipelines and/or connection is exclusive.
 - for first year, the locator shall notify water usage forecast of the first five years after start of operations.
 - For each year, the locator shall notify water usage forecast for next two fiscal years before end of September of each year.

Current water supply capacity	20 cu-m/day per 10,000 square meter (6,000 cu-m/day for entire Thilawa SEZ-A)
Additional water supply capacity	After completion of water pipeline (42,000 cu-m/day for entire Thilawa SEZ-A (In 2019))

b. Water Usage Charge

Actual water consumption (cu-m/ha/24 hours)	Charge (net of any tax) (In USD)
0-60	0.60 per cu.m
Over 60 to 120	0.70 per cu.m
Over 120 to 180	0.80 per cu.m
Over 180	To be discussed later

2) Sewage Treatment

Sewage Treatment Charge shall be based on 85% of monthly water consumption volume. The rate shall be USD 0.60 per cubic meter (net of any tax).

3) Electric Power Supply

a. Power Connection

The lessee shall apply for connection to the common power supply system to the lessor. On or before connection of the common power supply system, the lessee shall pay to the lessor the Power Connection Charge and also pay to the related authority/ entity such as but not limited to Yangon Electricity Supply Corporation (YESC) for all the fees and charges imposed by such authority/entity. Only after completion of such payment, the

lessee shall be allowed to commence its connection work to the common power supply system.

b. Power Connection Charge

The amounts of Power Connection Charge shall be based on the Power Demand of the lessee's transformer.

Power Demand (kVA/ha)	Charge (net of any tax) (In USD)
0 to 200	10,000
Over 200 to 400	50,000
Over 400 to 800	100,000
Over 800 to 1,200	160,000
Over 1,200 to 1,600	220,000
Over 1,600	To be discussed later

If the power demand of the lessee's transformer will increase in the future, the lessee shall pay additional connection charge according to the tariff prevailing upon such increase.

- Note:
- For first year, lessee shall notify peak power demand forecast of the first five years after start of operations.
 - Before end of September for each year, the lessee shall notify peak power demand forecast for the next two fiscal years starting in April every year.

c. Electricity usage Charge

The lessee shall pay the lessor Electricity Unit Charge and Horse Power Charge (Capacity Charge) and any other charges (collectively, Electricity Charge) based on its actual electricity consumption volume of each month according to the tariff of Yangon Electricity Supply Corporation (YESC). Current Electricity Unit Charge of YESC is described as below subject to change.

Actual Electricity Consumption (kWh/month)	Electricity Unit Charge (In MMK/kWh)
0 to 500	75
Over 500 to 10,000	100
Over 10,000 to 50,000	125
Over 50,000 to 200,000	150
Over 200,000 to 300,000	125
Over 300,000	100

d. Administration Fee for Power Supply

Equivalent to 3.5% of the monthly Electricity Charge shall be paid as Administration Fee for Power Supply (net of any tax) by the lessee to the lessor.

4. Telecommunication

Telecommunication Connection Charge	USD 8,000 / core (net of any tax)
Telecommunication Administration and Maintenance Charge	USD 800/ core / month (net of any tax)

20 Building Completion Certificate

If an Inspector judges no more instruction is needed at Final Inspection, Construction Section of OSSC shall immediately provide Building Completion Certificate to Inves-

tor. The authority in charge for this section is OSSC (Construction Section). There is no related cost.

21 General Completion Certificate

Investor shall submit Application Form with required documents to MJTD. MJTD shall issue and provide General Completion Certificate to Investor within 20 days. Investor shall submit the General Completion Certificate to Construction Section of OSSC through Front Office of OSSC. The authority in charge for this section is MJTD and there is no related cost.

22 Letter of approval of factory operation

Investor shall submit Application Form with required documents to Industry Section of OSSC through Front Office of OSSC. When all documents submitted are accepted, Industry Section of OSSC shall issue a Letter of Approval of Factory Operation to Investor through Front Office of OSSC. The authority in charge for this approval is OSSC (Industry Section) and there is no related cost.

23 Commencement of Commercial Operation Report

Investor shall submit a report of Commencement Date of Commercial Operation in a letter with company letter-head to TSMC through Front Office of OSSC when it decides the date.

TSMC shall issue "Certificate of Commencement Date of Commercial Operations (FORM-MC4)" and provide it to Investor. The authority in charge for this section is TSMC (Operations Section) and there is no related cost.

7.2 One Stop Service Center (OSSC)

Administration fees

To cover the operation costs of OSSC at the Thilawa SEZ, the Thilawa SEZ Management Committee has decided to charge the following Administration Fees to the Investors and Businesses as of May 2016.

	Fees (Per month per company) (In MMK)
Developer (MJTD)	4,000,000
Sub-Developer (TPD)	1,500,000
Investors (Land lease)	250,000
Investors (Rental Factory)	150,000
Businesses (At office or land of more than 50 square meter)	50,000

Remark: As in the Instruction No.01/2016, the above-mentioned fees are exclusive of 5% commercial tax except for Free Zone Industries, meaning that additional 5% of above-mentioned fees shall be payable as a commercial tax except for investors whose status is "A Business in Free Zone" or "Free Zone Business". Investment Permit or Businesses approvals obtained after 15th day of a month are not required to pay for Administration Fees of that month.

7.3 Myanmar Japan Thilawa Development Ltd

Maintenance and Administration Charge and Other Charges for MJTD

Maintenance and Administration Charge (net of any tax)	USD 0.10 / square meter per month
Community Relations charges (net of any tax)	
Up to 3 hectares	USD 200/ month
Beyond 3 up to 6 hectares	USD 300/ month
Beyond 6 up to 12 hectares	USD 400/ month
Beyond 12 up to 20 hectares	USD 500/ month
Beyond 20 hectares	USD 600/ month

8.5 Sample calculations of income tax

Sample tax calculation

SAMPLE 1: If a person with an income from the salary of MMK 500,000 per month lives together with two parents, spouse and two children:

Total income from the salary MMK 500,000 per month x 12 ▶		=	6,000,000
(Deductibles) Reliefs from taxes			
Basic relief (20% of the total income)	=	1,200,000	
Relief for two parents living together	=	2,000,000	
Relief for spouse	=	1,000,000	
Relief for two children	=	1,000,000	
Total amount of reliefs:		5,200,000	(-) 5,200,000
Income on which tax is to be imposed ▶		=	800,000

As MMK 800,000 falls within the range from MMK 1 to MMK 2,000,000 (see the table above), the tax amount to be imposed is MMK 2,000,000 on which 0% is to be taxed.

Total tax due for one year for this family: ----- **Not due**

SAMPLE 2: If a person with an income from the salary of MMK 500,000 per month is a bachelor who does not live with parents:

Total income from the salary MMK 500,000 per month x 12 ▶		=	6,000,000
(Deductibles) Reliefs from taxes			
Basic relief (20% of the total income)	=	1,200,000	
Relief for two parents living together	=	—	
Relief for spouse	=	—	
Relief for two children	=	—	
Total amount of reliefs:		1,200,000	(-) 1,200,000
Income on which tax is to be imposed ▶		=	4,800,000

The first MMK 2,000,000 falls within the range from 1 to 2,000,000 at 0%

The remaining MMK 2,800,000 falls within the range from 2,000,001 to 5,000,000 at 5% = MMK 140,000

Total tax due for one year for this single-person family: ----- **MMK 140,000**

Tax due to be deducted from salary per month (average) ----- **MMK 11,667**

The annual salary report of the company is to be sent to the Head of Township Internal Revenue Department through the head of the company concerned within three months after completion of the incomes.

The foreign employees also have to follow suit in paying income tax in accordance with the above-mentioned rates.
